### PUBLIC DEPARTMENT.

#### EXTENSION OF LEAVE.

Fort St. George, May 27, 1924.

No. 196.—Mr. J. F. Royce, I.C.S., has been granted an extension of leave up to 26th July 1924 (indicated) by the High Commissioner for India.

#### APPOINTMENTS AND POSTINGS.

Fort St. George.

No. 197.—Mr. C. Magistrate and Agent.

Madras, I.C.S. & District.

No. 198.—Mr.

## REVISION.

Port St. George, May 29, 1924.

No. 208.—Mr. W. O. Howson, D.O., Acting Collector and District Magistrate, Station, on  
 noted by Mr. A. M. O. Thompson, J.C.S., to review as Headquarters Sub-Officer, Kaituma.

## NOTIFICATIONS.

Port St. George, May 27, 1924 (O. O. No. 229, P.O.).

No. 201.—In O.O. No. 218, P.O., dated the 25th April 1923, instructions were given as to the  
 officers in whom applications should be made in cases where a Party was found in obtaining the  
 services of a Public Officer. Subsequently, the order of Assistant Secretary Officer, Marine, and  
 the Marine Secretary Officer, Trincomalee, have been abolished; and Mr. Gundry does not now  
 deal with the cases of clerks who were trained in the Marine School, Colombo. Consequently, no  
 promulgations have been made in the Gazette and that process are being still kept open under the terms  
 of O. O. No. 218, P.O., dated the 25th April 1923. It is alleged that applicants with military service  
 are not forthcoming particularly for work outside the district in which they live.

5. The Government are not satisfied that adequate measures are being taken to bring to the  
 notice of recruiting authorities the names of available applicants. They accordingly desire that  
 all Principals of District District Committees should keep a register of the men in their district who  
 seek employment, showing therein also the names of the districts where they are willing to serve.  
 In all cases where an ex-soldier desires to take employment in a district other than his own or in any  
 district in the Presidency, his name should be communicated to the President of the District Soldiers'  
 Committee in the district concerned or in all districts as the case may be.

2. An officer having a vacancy for which an suitable ex-servicemen register has applied should  
 address the Collector of his district (who is also the President of the District Soldiers' Committee)  
 stating his requirements. The Collector will supply him with a list of the names from his register  
 from which he may choose. If this does not produce any result the Collector should again be  
 applied to after six months has elapsed and should again be asked whether he has any names to  
 suggest.

Port St. George, May 28, 1924.

No. 202.—The following notifications of the Government of India are republished:—

## LEGISLATIVE DEPARTMENT.

Colombo, the 26th May 1924.

No. 148.—In pursuance of the provisions of sub-rule (1) of rule 24 of the Legislative Assembly

## NOTIFICATIONS.

For St. George, May 31, 1934 (P.O. No. 594, Sd/Engmnt).

## DEPARTMENT OF INDUSTRIES, HANOVER.

NOTICE FOR THE LIFT OF FEE FOR WORK DONE BY THE INDUSTRIAL ENGINEERING BRANCH.

No. 1717.—Subject to the rules hereinafter mentioned the Department of Industries gives general information and advice, assists in the preparation of plans and in the purchase and erection of machinery, undertakes the systematic inspection of installations, and places at the disposal of the public the following plant:—

- (i) Hand-boring apparatus.
- (ii) Power-drills.
- (iii) Portable pumping plant.
- (iv) Blasting apparatus.

2. The services of the department are offered subject to the following general conditions:—

(i) All fees or other charges leviable under the rules governing departmental assistance are strictly payable in advance.

Note (1).—In exceptional cases, where the levy of fees is likely to operate as an undue burden on the slender resources of applicants, the Director of Industries may, at his discretion, remit such fees, wholly or in part.

(2) Services rendered to co-operative societies will be charged for only at half the usual rates.

(3) All fees and other charges levied under these rules will be certified to Government.

(4) Refunds of fees will not generally be made, but, in the case of advances, any surplus which may remain unspent after the work is completed will be returned.

(5) Though every effort will be made to meet the reasonable demands of the public as promptly as possible, the department offers no guarantee whatever in respect of time.

(6) The acceptance of the services of the department implies the acceptance of the general rules and conditions laid down in this notification.

(7) Parties who have hired departmental plants will not in any circumstances be allowed to sublet them.

## I.—Information and advice.

3. General information and advice is given free of charge as far as the information is available and advice can be given without local inspection.

4. In cases where information and advice can be given only after local inspection, such inspection can be arranged for on payment of a fee of Rs. 15.

5. When such an inspection is made in connexion with the installation of plant, but applicants do not desire to have the plant purchased or erected by the Department of Industries, the inspection report will include a statement of the state of plant required and a sketch plan.

6. In cases where the plant is to be purchased or erected by the department, the charges leviable are shown in section II.—Purchase and erection of machinery.

## II.—Purchase and erection of machinery.

7. The department will, on demand, undertake the ordering of plant, the preparation of plans and the supervision of the erection of machinery. In such cases a deposit of not less than Rs. 250 or approximately 15 per cent of the value of the plant (whichever is greater) must be made. For the purpose of calculating fees, the value of second-hand plant will be taken to be its present value.

The fee actually charged for this service is 25 per cent on actual cost of machinery plus Rs. 15 (including fee and Rs. 15 for the preparation of plans). If an inspection fee has previously been paid on account of the same scheme, the charge is reduced by Rs. 15.

8. If an applicant wishes to abandon his scheme after an inspection has been made and before any plant has been ordered, all fees and deposits paid will be refunded, except Rs. 15 inspection fee and, if blue print plans have been prepared, Rs. 15 for the preparation of plans.

9. The department can take no responsibility for any losses arising from applicants changing their minds after orders have been placed.

10. All materials and labour must be found by the applicant. If building work is to be executed or if the plant is to cost more than Rs. 16,000, special terms will be arranged.

11. No plans will be prepared and no plant will be ordered unless it is to be erected by the supplying firm or the erection is to be supervised by the Department of Industries.

12. Individuals who have already purchased plant may apply for the supervision of its erection by the department on the same terms as above. The Director, however, reserves the right of making an inspection of the plant to be made (under the Rs. 15) and, notwithstanding such inspection, the Director may decline departmental assistance, if he considers the plant unsuitable, badly designed or in any other way open to objection.

13. When the engineering services of the department are required for purposes other than the original erection of plant, they will be charged for at daily rates as follows—

For a supervisor, Rs. 10 for the first day plus Rs. 6 for every subsequent day.

For a mechanic, Rs. 7-8-0 for the first day, plus Rs. 4 for every subsequent day.

If there is any break in continuity, the first day's fee will again become chargeable for any subsequent visit.

The Director reserves the right to charge fees on the daily rate system if he feels that, in the case of an erection undertaken on the percentage system, the supervisor or mechanic has to be idle owing to the delay in supplying material and labour required for erection.

### III.—Systematic inspection of installations.

14. The department will arrange for the systematic inspection of installations. Inspections will be of two kinds, viz. "routine inspections" made at the convenience of the department and "special inspections" made on the request of the applicant.

15. An initial fee of Rs. 15 will be levied, which will cover the cost of three routine inspections, but no refunds will be made, if the value of the fee is not completely utilized. It will also cover the cost of special assistance in the case of not more than two sudden breakdowns per annum. Special inspections or visits in excess of those covered by the initial fee will be charged for at the rate of Rs. 8 per visit for a mechanic and Rs. 7-8-0 for a supervisor.

16. No installation will be inspected, unless the stated or special fee per visit is paid in advance. In case of non-payment of the annual fee, a notice will be issued by the department.

17. The fees mentioned in rule 15 above will not cover any actual cost for any repair work carried out by the department, which must be paid for in addition, by the applicant.

18. Systematic inspection of a plant will be undertaken, only after it has been examined and found to be in good condition. If it is not in good condition, the applicant will be informed what repairs are required and systematic inspections will be undertaken only on completion of the repairs. If the applicant desires that the repairs should be carried out under departmental supervision, fees will be charged for such supervision under rule 13.

19. The Director of Industries may, without assigning any reason, refuse to undertake systematic inspection of any plant or installation.

### IV.—Boring plant—Bore-boring apparatus.

20. The bore-boring tools with which the department is provided will drill to a depth of 100 to 150 feet in ordinary soils but are unsuitable for boring in rocky strata. Where deeper borings or borings in rocky strata are required, a power-drill with active V flutes should be used.

A caution deposit of Rs. 150 will be required from the party whose a boring goes below 100 feet. The Assistant Industrial Engineer may stop any boring work at any stage below a 100 feet if it is found that the stratum worked through is such as seriously to endanger the safety of the pit.

21. Enquiries concerning bore-boring apparatus should be addressed in the first instance to the local Supervisor of Industries or to the local Assistant Industrial Engineer or Industrial Engineer, Post Box No. 423, Chirapack, Madras.

22. When a boring party is established in a tank, the fact will be notified in the district gazette. Applications for borings within the notified areas will be registered on payment of a transport fee of Rs. 15-8-0 and an advance fee of Rs. 15 to cover fees for four days and in cases where a pit has to be sunk in a well a further advance of Rs. 10 to cover fees for daily, if any, in supplying labour for removing the soil from the well after completion or stoppage of the work.

23. Borings outside the notified areas cannot be undertaken except by special arrangement and on special terms to be settled beforehand. Ordinarily applications for borings outside the notified areas will be accepted for future reference. They will not be registered and no fees and advances will be accepted therefor.

24. If the limits of the tank where a boring party is established be extended at any subsequent time, the fact will be notified in all papers where applications for borings in the extended area have already been recorded. If on receipt of the notice, the applicants pay a sum of Rs. 15-8-0 on the day of a further boring and Rs. 15-8-0 in the case of a boring in a well as provided in rule 22 above, the applications will be registered. If no payment is made within a reasonable time after the receipt of the notice, the applications will be regarded as cancelled.

25. The order in which the registered applications will be attended to will be decided by the department with reference to the locality where borings have to be made, and the applicant will be duly informed when the boring tools can be placed at their disposal. The department will make arrangements to bring the tools to the site of the proposed boring. If the applicants do not accept the tools when offered, the transport fee will be forfeited and the advance returned.

26. The transport fee is intended to cover the cost of the carriage of the tools to the site proposed for boring. No part of it will be returned to the applicant whatever may be the cost of transport in any particular case, nor on the other hand will any further charge be made should the cost of transport exceed the sum of Rs. 15-8-0.

27. The fee for the use of the hand-boring tools is Rs 2-8-0 a day. This fee covers the hire of the tools and the wages of the labour in charge thereof. All other charges, such as labour charges for sharpening and tempering chisels whenever necessary, should be borne by the applicant. The charges for sharpening and tempering tools will be Rs. 1 per working day. The applicant is, however, free to get the sharpening, etc., done by private agency if he so prefers. But in this case he will be held responsible for any damage to the tools and the cost thereof will be recovered from him. The question how often the tools require sharpening will be decided by the Assistant Industrial Engineer.

28. The advance of Rs. 10 will cover the boring fee to the extent of its value. When the original advance is exhausted, further advances in sums of at least Rs. 10 should be paid at once. As borings will be as usual be put down on credit, the work will be stopped and the tools removed immediately the advance is exhausted, unless further advances are paid.

29. On the completion of the boring, any sum still to the credit of the applicant will be returned. In the case of a boring conducted in a well the applicant should, within 48 hours of the completion or stoppage of work, supply labour to remove the set from the well. If he fails to do so, he will be liable for additional hire charges till such time as the set is finally removed from the well and loaded into carts for removal. The additional advance of Rs. 10 levied under rule 32 will be utilised towards this. If, however, there should be any delay in the supply of labour, the latter advance of Rs. 10 will be refunded to the applicant.

30. Fees will be charged for the use of the boring tools for every day that they remain at the work site, but, as a set of prices, the fee may be waived by the Assistant Industrial Engineer for the first day when they may be kept idle on account of accident, heavy rain or other causes beyond the control of the applicants. The time during which the tools are kept idle on account of the exhaustion of advance, lack of labour or other available causes will be charged for as before.

31. The results of a boring will be communicated to the applicant who will be advised what steps he should take to utilize the water-supply available.

32. In cases where sub-surface water is not with arrangements will be made, if the applicant so desires, to put down permanent boring tubes, the cost of which must be borne by him.

33. Hand-boring plants may also be hired by the month on payment at the following rates:—

One month .. .. .	Rs.
Three months .. .. .	60
Six months .. .. .	100
Nine months .. .. .	120

In addition to these charges, the usual transport fee of Rs. 12-8-0 has to be paid.

34. The Director of Industries may, without assigning any reason, decide to put down any boring and return to the applicant any sums that may have been paid by him.

#### V.—Boring plant—Power-drills.

35. The power-drill with which the Department is provided will ordinarily drill to a depth of 500 feet in any kind of rock. A suitable deposit of Rs. 2-8-0 will be required from the party when a boring goes below 500 feet. Assistant Industrial Engineers may stop any boring work at any stage below 500 feet if it is found that the stratum worked through is such as seriously to endanger the safety of the drill.

36. Enquiries concerning power-drills should be addressed either to the local Supervisor of Industries, or to the local Assistant Industrial Engineer, or to the Director of Industries, Port Bell No. 425, Chapat, Madras.

37. No fee or advance will, in the first instance, be demanded, but a register of applications for the use of power-drills will be maintained.

38. The order in which the registered applications will be attended to will be decided by the Director of Industries with reference to the locality where borings have to be put down, and applicants will be duly informed when a power drill can be placed at their disposal. Immediately on receipt of the order, the applicant should remit a transport fee of Rs. 75 and an advance of Rs. 100. If the amount is not paid within seven days after the receipt of the order, the application will be regarded as cancelled.

39. The Department will make arrangements to take the drill to the site of the proposed boring. The transport fee is intended to cover the cost of cartage, and no part of it will be returned, whether or not the cost of transport in any particular case, nor, on the other hand, will any further charge be made should the cost of transport exceed the sum of Rs. 75. If the drill is not accepted when offered, the transport fee will be refunded.

40. The fee for the use of a power drill is Rs. 8 a day subject to a minimum of Rs. 20. This fee covers the hire of the drill and the wages of the trained staff necessary for its working. All other charges connected with the work should be borne by the applicant.

41. The applicant should supply coals, labour and provide the fuel, oil and other stores required for the use of the plant.

Engineer's opinion, it is no longer required, but no refund will be made if the plant is not required for the full period for which it is hired. Applicants may extend the period of hire by paying the difference according to the above scale, provided that the blading is continuous. In the latter case an additional transport fee will be levied.

50. The Director of Industries may, without assigning any reason, decline to issue out the pumping plant and return to the applicant any sum that may have been paid by him.

#### VII.—*Blading Apparatus*

51. The blading apparatus with which the department is provided is intended for the exploitation of wells or boreholes with a view to increasing the water-supply. Blading will ordinarily be of use only in hard rocky soils.

52. Enquiries concerning blading apparatus should be addressed to the local Supervisor of Industries, to the local Assistant Industrial Engineer or to the Director of Industries, Post Box No. 400, Calcutta, Madras.

53. Applications for the use of the apparatus will be registered on payment of an advance of Rs. 15. The order in which the registered applications will be attended to will be decided by the Director with reference to the locality, and the applicants will be duly informed when the apparatus can be placed at their disposal. If the blading apparatus is not accepted when offered, the advance will be forfeited.

54. The advance covers the cost of one blast. For each extra blast a fee of Rs. 7-8-0 will be charged.

55. The results of the blading will be communicated to the applicants and they will be informed what further action the results obtained suggest.

56. The Director of Industries may, without assigning any reason, decline to carry out any blading and return to the applicant any sum that may have been paid by him.

#### Act 31, 1924, May 18, 1924.

No. 172.—In exercise of the powers conferred by section 14 of the Madras Cattle Diseases Act, 1916, the Government of Madras (Ministry of Development) are pleased to make the following by-law:—

In any District or part of a District in which the provisions of the Madras Cattle Diseases Act, 1916, are put in force, the District Magistrate, or in the City of Madras, the Commissioner of the Corporation, may if he considers such a course necessary in order to check the spread of plague when the disease exists, order compulsory inoculation by the "screen door" method by the officers of the Civil Veterinary Department.

#### Act 31, 1924, May 17, 1924.

No. 173.—The following Form Commencement of the Government of India is reproduced:—

#### DEPARTMENT OF EDUCATION, HEALTH AND LABOUR (FOREIGN).

#### LOCAL FORMS SERVICE.

Form No. 184, May 1924.

No. 181.—Notice is given that after 1924 no Indian medicine will be recruited for the Indian Form Service in the United Kingdom. In and after 1925 all such medicine must submit their applications direct to the local Government or administration of the Province in India in which they belong.

# ACQUISITION OF LAND.

Fort St. George, May 22, 1904.

Whereas it appears to Government that S. No. 16 of Kothakrishnan dream, Chittat taluk, Talukar district, containing 36 acres and belonging to the Zametia Raja of Chittat and occupied by the Fisheries Department under the Municipal Council, Chittat, is needed for the Fisheries Training Institute, hence in this order is hereby given to all whom it may concern in accordance with the provisions of section 5 (1) of the Land Acquisition Act, 1 of 1894, as amended by Act XXXVIII of 1900, and the Government hereby authorizes the Revenue Divisional Officer, Chittat, and his subordinates to exercise the powers conferred by section 4 (2) of the Act. Under section 3, the Revenue Divisional Officer, Chittat, is appointed to perform the functions of a Collector under section 3-A of the Act.

E. NOYON,  
Secretary to Government.

# PUBLIC WORKS DEPARTMENT.

## LEAVE.

Fort St. George, May 22, 1904.

Under rule 47 of the Fundamental Rules, M.R.Ry. Gopichandrapahayam Vairavaram Sastigar Kappaswami Appayya Ayyangar, Assistant Engineer, leaves on average pay for actual absence for three months from the 1st March 1904.

## EXTENSION OF LEAVE.

M.R.Ry. Mallar Kothaswami Appayya Ayyangar, Assistant Engineer, extension of leave on medical certificate for eight months, viz, leave on average pay for five months and twenty-three days and leave on half average pay for the remaining period, from the 22nd May 1904.

M. R. EDWARDS,  
Cty. Secy to Govt., P.W.D. (General, Buildings and Road).

## NOTIFICATIONS.

Fort St. George, May 22, 1904.

Under section 5 of the Canals and Public Ferries Act, 1890, the Government in the Ministry of Public Works declares that the notification published previously authorizing the opening of the ferry at Sundarapattinam Koll across the Channel in Andamans off-shore lands in the Kanchikrishnan taluk of the Tanjore district is cancelled from the date of publication of this notification.

Under section 5 of the Canals and Public Ferries Act, 1890, the Government in the Ministry of Public Works declares the undesignated ferry in the Pappaswami taluk of the Tanjore district to be subject to the provisions of the Act with effect from the date of publication of this notification:—

Tappaswami village, Tappaswami ferry across the river Chavari

### Limits of the ferry.

**Successor/Owner Rule.**—From the north-west corner of S.P. No. 124-A (10p) to the north-east corner of S.P. No. 124-B (10p) nearly of Tappaswami village, Pappaswami taluk. Distance between the extreme limits on the 4th of the ferry is 541 paces.

**Successor/Owner Rule.**—From the south-west corner of subdivision A of S.P. No. 124-A to the south-east corner of S.P. No. 124-B (10p) nearly of Tappaswami village, Pappaswami taluk. Distance between the extreme limits on this side of the ferry is 511 paces.

Under section 16 of the Canals and Public Ferries Act, 1890, the Government in the Ministry of Public Works hereby declares that the following mass of rules shall be leviable from passengers, animals, vehicles and goods conveyed across the ferry:—

	L.	P.
1. For a man, woman or child over 4 years of age	..	..
2. For a bullock, goat or pig	..	..
3. For an oxen, buffalo, bullock, bull, cow or calf standing on a platform	..	..
4. For a bullock, buffalo, bullock, bull or cow standing on a platform	..	..
5. For a horse, pony, mule or donkey standing on a platform	..	..
6. For an animal (not standing on a platform)	..	..
7. For a horse, mule, bullock or cow standing on a platform	..	..
8. For an animal (not standing on a platform)	..	..
9. For a bullock	..	..

No. 23.] MADRAS, THURSDAY EVENING, JUNE 3, 1924. [Price, 4 annas.]

## Part I-A.—Local Self-Government.

### LOCAL SELF-GOVERNMENT DEPARTMENT.

#### LEAVE.

*Fort St. George, May 20, 1924.*

No. 545.—M.S. Ry. P. R. Panakrishna Ayyar Amangal, B.A., study leave for six months in continuation with leave on average pay for two months from or after 1st July 1924.

#### APPOINTMENTS.

*Fort St. George, May 22, 1924.*

No. 546.—M.S. Ry. Thangarajam Thandakur Pillai Rajaratnam Amangal, B.A., to act as District Medical and Sanitary Officer, the Nilgiris, in addition to his duties from the 23rd March to the 13th April 1924, both days inclusive.

No. 547.—M.S. Ry. Angulabharanam Sengapattaswamy Amangal, B.A., to act as District Medical Officer, Amangal, in addition to his own duties, during the absence of M.S. Ry. U. Sengapattaswamy Amangal, B.A., B.M.A., on leave.

*Fort St. George, May 23, 1924.*

No. 548.—M.S. Ry. K. Virupakishwami Ayyar Amangal, local first-grade Assistant Engineer, Solapur, in act as District Board Engineer, Solapur, during the absence of M.S. Ry. M. V. Thammisai Ayyangar Amangal on leave. He will draw the pay of a third-grade District Board Engineer during this period.

*Fort St. George, May 23, 1924.*

No. 549.—M.S. Ry. T. K. Muthurajan Amangal, Local First Assistant Engineer, Coimbatore, to act as District Board Engineer, Coimbatore, during the absence of M.S. Ry. V. Subramanyam Sharma on leave. He will draw the pay of a third-grade District Board Engineer for this period.

*Fort St. George, June 3, 1924.*

No. 550.—Under section 9 (1) (a) of the Madras Local Boards Act, 1920, the Government appoint the following persons to be members of the District Board, and appoint their names:—

M.S. Ry. K. R. Palayandi Venkatasubbia Palayandi Amangal—South Arcot.

M.S. Ry. M. V. Chinnambika Chinn Chinn, M.S. Ry. P. V. Subrahmanyam Pillai Amangal and

M.S. Ry. P. Panagaram Desai Amangal—Chingleput.

M. George Frederick Fisher Foulkes—Solapur.

*Port St. George, May 5, 1924 (G.O. No. 694, P. 22).*

No. 560.—No objection having been received to the draft rule proposed in G.O. No. 549, P.H., dated 7th March 1924, substituting the words 'Acute Infectious Pneumonia' for the word 'Influenza' in the list of dangerous diseases specified in Schedule VI of the Madras District Municipalities Act, 1920, the Government are pleased to confirm the same.

#### NOTIFICATION.

Under sub-section (1) of section 364 of the Madras District Municipalities Act, 1920, the Government hereby make the following rule altering the list of dangerous diseases specified in Schedule VI of that Act as amended by notification No. 549, dated 9th October 1923:—

#### Rule.

In the list of dangerous diseases specified in Schedule VI for the word 'Influenza' the words 'Acute Infectious Pneumonia' shall be substituted and the same shall be inserted at the beginning of the schedule before the word 'Anthrax'.

*Port St. George, May 26, 1924 (G.O. No. 1431, L. & M.).*

No. 561.—Under section 63 (3) of the Madras Land Boards Act, 1920, the Government in Council hereby declare that the plot of land measuring 98 cents described in the following schedule and registered in the Revenue Accounts as land payable shall be excluded from the operation of the Act:—

#### SCHEDULE.

The Nilgiris district, Ootacamund taluk, Thekkai village.

	Area.
S. No. 160 B, bounded on its north by S. No. 271 C; and by S. No. 279; south by S. No. 272 A; and by S. No. 278	98

*Port St. George, April 15, 1924 (G.O. No. 971, L. & M.).*

No. 562.—The Government have had under consideration the question of the policy to be adopted by local bodies in regard to the occupation of street and road margins.

2. The Financial Relations Committee has suggested in paragraph 300 of its report that such margins may be used profitably for the construction of shops, godowns, piazzas for petty traders, cart-stands or for tree planting. The construction of permanent buildings such as shops, godowns and piazzas prevents the space occupied by them from being available for use as street or road and will therefore have the legal effect of vesting the local body of the space in question where the local body does not itself own the land by purchase or acquisition under the Land Acquisition Act. The granting of permission for the erection of such structures is therefore beyond the power of any local body.

3. In cases where the roads or streets are sufficiently wide to allow of the erection of such structures and there is a demand for the extra space for the construction of permanent structures of the kind mentioned above, local bodies should address the Collector to have the land excluded from the operation of the Acts and formally allotted to them for other than road purposes under Board's Standing Order No. 24. The suggestion that road margins should be used for tree planting is recommended to local bodies for adoption. Care should however be taken to see that such use does not interfere with the space required for the maximum traffic that is likely to pass along the road.

4. Encroachments by private parties on street and road margins of an unobjectionable nature may be licensed under sections 183 (1) and (2) and 185 (1) of the District Municipalities Act, and section 160 (1) and (2) of the Local Boards Act. Under section 160 (5) of the Local Boards Act, the President of a local board has

also power subject to the provisions of section 160 (4) and (5) to lease roadsides for occupation with the approval of the local board. The grant of licenses under section 163 (1) of the District Municipalities Act, 1920, and section 160 (1) of the Madras Local Boards Act, 1920, is subject to the restrictions and control laid down in G.O. No. 256, L. & M., dated 18th October 1923. The Government now direct that the grant of licenses under section 160 (3) of the Madras Local Boards Act shall also be subject to the same restrictions and control. The notification in the Appendix to this order will accordingly be published in the *Port St. George Gazette*.

#### APPENDIX. REGULATIONS.

In exercise of the power conferred by sub-section (5) of section 160 of the Madras Local Boards Act, 1920, the Local Government hereby that the license of local boards to grant licenses under section 160 (3) of the Act shall be subject to the following restrictions and control:—

(1) Every local board shall signify that every application for a lease under sub-section (5) of section 160 of the Madras Local Boards Act, 1920, shall furnish information as to the site in which the land will be put and the period for which a lease is required. If any structure is proposed to be constructed thereon, information as to the materials to be used in the construction should also be furnished.

(2) The lease may be granted by the local board if the structure is to be constructed of temporary materials such as palmyra or bamboo leaves, bamboo or other material, or if the structure is of other material of which it is of such a nature as to be removable daily, and if the period of lease does not exceed twelve months. A fee shall be laid and collected in advance for every lease.

(3) No lease for a structure made of materials other than those mentioned in paragraph 2 or for a period exceeding twelve months, shall be granted by a local board except with the previous approval of the Collector of the district who is granting approval may lay down such conditions as he may consider necessary subject to which the lease may be granted by the local board. The local board shall signify such conditions in the form before it is granted. It may be expressly provided in every case that the lease is liable to be terminated at any time within the term of the lease without payment of compensation when it becomes necessary in the public interest to remove the structure, that the amount of the lease shall be paid to the local board in advance so long as the lease is in force and that in default of payment of such amount the lease is liable to be cancelled.

No lease shall be granted automatically for a period exceeding three years at a time. The approval of the Collector shall not be necessary for a renewal of a lease granted under this rule.

*Port St. George, April 13, 1924 (G.O. No. 895, L. & M.)*

No. 563.—In 1921, Group Conferences of Local Boards and Municipal Councils were for the first time organized for each of the five natural divisions of the Presidency, viz., the Northern, the Ceded Districts, the Central, the Southern and the Western. The action taken by Government on the various resolutions passed at these conferences was indicated in the Annexure to G.O. No. 1345, L. & M., dated 5th August 1922.

2. Similar conferences were held in 1923 at the following centres on the dates entered against each:—

- |   |  |
|---|--|
| (I) Northern group—Guntur, Vengalloor, Chidambaram, Kattur, Guntur and Nellore.     | Held at Vengalloor—25th to 29th October 1923, under the presidency of M.R.Ry. Rao Bahadur A. S. Krishna Rao President, District Board, Nellore.        |
| (II) Ceded Districts and Chittoor group—Ellore, Anantapur, Koppal and Chittoor.     | Held at Ellore—5th and 7th October 1923, under the presidency of M.R.Ry. Rao Bahadur L. Venkataswami Reddy President, District Board, Koppal.          |
| (III) Central group—North Arcot, South Arcot and Chingleput.                        | Held at Vellore—4th and 7th November 1923, under the presidency of M.R.Ry. Rao Bahadur M. Venkataswami Reddy President, District Board, Chingleput.    |
| (IV) Southern group—Trichinopoly, Tanjore, Madurai, Ramanathapuram and Tirunelveli. | Held at Tirunelveli—21st and 22nd July 1923, under the presidency of M.R.Ry. Dinanatharao M. Krishna Rao President, District Board, Tirunelveli.       |
| (V) Western group—Maler, South Kanara, Salem, Channarayana and the Nilgiris.        | Held at Mangalore—2nd and 3rd October 1923, under the presidency of M.R.Ry. Rao Bahadur T. A. Ramalinga Chettyar President, District Board, Mangalore. |

3. The Government have perused with interest the proceedings of these five conferences and the resolutions passed therein have been classified and tabulated in the Annexure. Some of these resolutions it is for the local bodies themselves to carry out. Some the Government have accepted and given effect to. Some the Government have, after careful consideration, felt unable to comply with. Some others involve issues too complex for immediate decision, while yet others require financial resources which are not available at present. These conferences, on the whole, maintained the standard of those held in 1921.

## ANNEXURE.

## RESOLUTIONS PASSED AT THE LOCAL AND MUNICIPAL GROUP CONFERENCE IN 1922.

*Note*.—The letter in brackets after each resolution indicates the Conference at which it was passed. Vx = Villagepattas; By. = Bally; Tx. = Tinnervally; Mg. = Mangalore; Vj. = Vellore. The number in the margin of the resolution on the Agenda of the Conference at which it was adopted.]

## I.—CONSTITUTION AND MANAGEMENT.

- (1) *Committees*.—(i) This Conference recommends to the local bodies that the formation of Committees and delegation of power to them to deal with routine administrative matters is highly desirable and that the following Committees may be formed:—

(1) Public Works Committee.	(3) Public Health Committee
(2) Education Committee.	(4) Finance Committee. [Vx. 1.]

- (ii) This Conference resolves that Committees be constituted for the following branches of administration:—

(1) Communications.	(3) Public Health,
(2) Education.	(4) Finance and remunerative enterprises,

and that local bodies be advised to transfer to such bodies final powers of disposal over as many matters of routine administration as possible. [Vx. 33.]

- (iii) In the opinion of this Conference the provisions of the Local Boards Act and the District Municipalities Act relating to the scope and the extent of the powers which could be delegated to Committees to deal with routine administrative matters are wide enough for efficient administration. The number of such Committees and the branches of administration for which they should be constituted and the powers that may be delegated to such Committees may be left to the discretion of the concerned local body. [Mg. 1.]

No action on the part of the Government is called for.

- (2) *Electoral rolls*.—(a) (i) This Conference is of opinion that local bodies may be required to print electoral rolls once in three years and during the interval they may be required to print only additions and corrections half each year. [Vx. 2.]

- (ii) This Conference is of opinion that the provisions of the Local Boards Act and the District Municipalities Act which require that electoral rolls should be prepared and published annually should be suitably amended so as to extend the time to three years and to permit of the publication in the interval of only additions and corrections. [Mg. 2.]

In G.O. No. 1019, L. & M., dated 5th May 1922, the Government have amended rule 6 (1) of the rules for the preparation of electoral rolls for taluk boards so as to permit of the issue of correction slips. The question of similarly amending the rules for the preparation of electoral rolls for union boards and Municipal Councils is separately under consideration. No amendment of the Act is necessary.

- (b) As taluk and district boards do not possess the necessary agencies and facilities for the preparation of electoral rolls, this Conference requests the Government to be pleased to direct the Revenue Department to continue the preparation of rolls. [Tx. 4.]

The Government have already passed orders in G.O. No. 2587, L. & M., dated 21st December 1922, that the Revenue establishment should continue to prepare the electoral rolls for taluk boards.

- (3) *District Boards—Direct election*.—(i) This Conference is of opinion—  
(a) that it is necessary to have direct election of members of the district board;

- (b) that excluding nominated members 50 per cent of the members should be elected directly by the rate-payers and inhabitants of taluks or divisions;

- (e) that the remaining members should be composed of presidents of taluk boards and members elected by taluk boards. [Va. 4.]
- (d) This Conference recommends to Government that at least 50 per cent of the elected seats in the district board should be filled by direct election, the remaining seats being left to be filled by the taluk board. [By. 5.]
- (b) This Conference is of opinion that, in addition to the election of seats to the district board by members of taluk boards, direct election should also be provided by amending the present Act. [Va. 3.]
- (iv) This Conference considers it desirable that the constitution of District boards should be so changed as to provide for the representation of every taluk board by its president and one other member elected by the board, the other seats except the one referred to in resolution No. 4 being filled up partly by nomination and partly by direct election, the nominated seats not exceeding 25 per cent of the total strength of the district board. The reconstitution on these lines may be carried into effect after the expiry of the term of the present reconstituted taluk boards. [Mg. 5.]

The matter is under consideration in connexion with the amendment of the Madras Local Boards Act, 1920.

- (1) Election—Village officers to be saved.—(a) That the proviso to section 54, sub-section (2) and paragraph 2 of clause (1) of section 13 of the Madras Local Boards Act giving exemption to village officers be repealed. [Va. 5.]

The question will be considered.

- (5) Election of presidents.—That all presidents of district and taluk boards be elected. [Va. 6.]

The matter is always kept in view by the Government.

- (6) As this Conference is of opinion that the power of electing its president should be given to the district board as in the case of taluk boards, it is resolved that clause (1), section 1, of the Madras Local Boards Act, 1920, be repealed and that the words 'district board and' be inserted between the words 'Every' and 'Taluk' in clause (2) of the same section. [Va. 2.]

The Government are not prepared to accept the proposal.

- (6) Election of chairmen by secret ballot.—(i) This Conference requests the Government to reconsider their decision communicated in G.O. No. 1345, L. & M., dated 5th August 1923, on resolution No. 2 of the Northern Group Conference of local bodies held at Benavoli in the matter of amending the rules regarding elections of chairmen and vice-chairmen so as to provide for voting by ballot as in the case of the presidents and vice-presidents of the local boards. [Va. 13.]

- (ii) That this Conference is of opinion that the rules for the election of chairmen of municipal councils should be so amended as to dispense with the necessity of the voters writing the name of the candidate. [By. 4.]

In G.O. No. 2435, L. & M., dated 7th December 1923, provision has already been made for voting by ballot in the case of elections of chairmen and vice-chairmen.

- (1) Election—Municipal—Voting by illiterate.—(5) This Conference suggests that in the rules for the election of municipal councillors provision should be made for the polling officer affixing the mark of illiterate electors in the presence of the candidates or their agents. [Va. 24.]
- (6) That in regard to elections to municipal councils the Government may be pleased to frame a rule that, in case of illiterate voters, the candidates or their agents be entitled to see that the polling officer puts mark against the name given by the voter. [By. 3.]
- (ii) This Conference resolves that rule 16 (1) of the rules for the election of municipal councillors be so amended as to conform to the corresponding provision in the rules for the election of members for

local boards by adding the words 'in the presence of the candidates or their agents' which expression is not found in the Municipal election rules but found only in the election rules for members of local boards. [VL 17.]

\* These proposals cannot be accepted as they will nullify the secrecy of the ballot. The rules for the conduct of elections for taluk and union boards have now been amended so that the marking may not be made in public.

(8) *Election—Graduates to vote.*—(i) This Conference is of opinion that all graduates of a recognised university be given the right to vote at elections in local boards and municipalities. [VL 9.]

(ii) This Conference is of opinion that all graduates of any recognised university should be given the right of vote for elections in local boards and municipalities. [Mg. 4.]

These suggestions cannot be accepted.

(9) *Election—President or Chairman—Candidates not to preside at election meetings.*—This Conference is of opinion that the election rules should be so altered as to prohibit the candidates for the presidency or chairmanship from presiding over the meetings of local boards and municipalities held for electing their presidents or chairmen respectively. [VL 18.]

The Government consider that no change is necessary.

(10) *Election—Municipal—Women to stand as candidates.*—This Conference urges that the sex disqualification in section 48 (1) (3) of the District Municipalities Act should be done away with so as to enable ladies also to stand for election. [Mg. 12.]

Provision has been made in the proposed Bill to amend the Act.

(11) *Representation of Muhammadans and depressed classes.*—That this Conference resolves that steps be taken to ensure adequate representation in the local bodies of the Muhammadans and depressed classes where their representation is not adequate. [VL 9.]

Executive Instructions have already been issued in G.O. No. 2825, L & M, dated 18th December 1923.

(12) *Nomination to municipal councils to be made within two months of election.*—

This Conference is of opinion that in the reconstitution of municipal councils the Government should nominate members to the council at least within two months after the election of the members. [VL 20.]

The Government see no need to lay down any specific period.

(13) *Union boards to be represented on taluk boards.*—(i) This Conference suggests that provision should be made for the representation of union boards on a taluk board by not more than two representatives. [VL 21.]

(ii) This Conference considers that there is considerable force in the demand of union boards for representation in the concerned taluk boards and suggests that the Act may be amended so as to permit of a small percentage of the seats in taluk boards being filled up by election by the union boards in the area of the concerned taluk board. [Mg. 7.]

The Government see no reason to make any such change.

(14) *Reconstitution after dissolution—Old members to be nominated.*—This Conference urges that wherever existing local boards are dissolved and new local boards are brought into existence in their place the power of appointment shall be exercised so as to retain on the new boards all the elected members of the old board. [VL 22.]

The Government are not prepared to lay down any hard and fast rules in this respect.

(15) *Reconstitution after dissolution—one month's suspension from last election.*—

This Conference suggests that in the reconstitution of a local board the president of the district board or the taluk board (as the case may be) shall nominate members and fix a date for the election of the president at least within a month after the election of members. [VL 23.]

The Government are not prepared to accept this suggestion.

- (16) *Temporary absence—Presidents and chairmen—date deferred.*—This Conference is of opinion that the term 'temporary absence' in section 23 (2) of the Madras Local Boards Act should apply to absence not exceeding seven days, and that the nature of such absence when the President, if a taluk board president shall devolve on the vice-president should be clearly defined in the Act, as the present wording of section 23 (2) may permit the vice-president performing the president's duties without the president's knowledge however temporarily he may leave the jurisdiction of the taluk board. [VI. 12.]

The Government are not prepared to make any provision in the Act itself in this regard.

- (17) *Delegation of powers of presidents of union boards to members.*—This Conference is of opinion that the presidents of union boards should have power to delegate at their discretion for a period not exceeding 30 days in the aggregate in any year, any and all of their executive powers to any member or members of the boards provided that no such powers or duties be delegated which are expressly forbidden by the boards to be so delegated and to report their action to the boards merely for information. [VI. 14.]

The Government consider that no change is necessary.

- (18) *Each revenue taluk to be constituted a taluk board.*—This Conference is of opinion that each revenue taluk should be constituted into a taluk board under Act XIV of 1909. [VI. 15.]

There is no need to lay down a hard and fast rule.

- (19) *Chairman or member of headquarters municipality to be an ex-officio member of the district board and the president, district board, to be an ex-officio member of the headquarters municipality.*—This Conference urges that the Local Boards and Municipalities Acts be amended so as to make the chairman, or if he is already a member, any member elected by the council of the headquarters municipality an ex-officio member of the district board and the president, district board, an ex-officio member of the headquarters municipality. [Mg. 6.]

The Government do not consider that a statutory provision is necessary.

- (20) *Vice-presidents for major unions.*—This Conference is of opinion that major unions be allowed the privilege of having their vice-presidents as is done in taluk boards. [Mg. 13.]

The question will be considered if union boards move in the matter.

- (21) *Travelling allowance.*—(i) This Conference is of opinion that the present rates of travelling allowance of president, vice-presidents and members of local boards may be continued subject to the following proviso, viz:—  
The presidents of district boards shall not draw more than Rs. 1,500 a year. Presidents of taluk boards shall not draw more than Rs. 750 a year when the jurisdiction consists of more than one revenue taluk and Rs. 500 when it consists of only one revenue taluk. [Vz. 3.]

- (ii) This Conference is of opinion that vice-presidents of district boards may be placed on the same level as presidents of taluk boards for purposes of travelling allowances. [Mg. 11.]

The Government have passed orders in G.O. No. 731, L. & M., dated 28th March 1923.

- (22) *Appointment, jurisdiction and transfer rules.*—(i) This Conference recommends to the Government the consolidation of the draft rules published under sections 70, 71, 109 (1) and (2) and 225 of the Local Boards Act of 1909 in the Port St. George Gazette, dated 13th September 1922, to regulate the appointment, etc., of Local Board servants as they violate the spirit of the Act and so section 72 is enough for this purpose. [Va. 10.]

- (ii) That the rules promulgated in G.O. No. 499, L. & M., dated 14th March 1922, be modified so as to restore to the municipal council the right of hearing appeals against the punishment of municipal servants and so as to free the chairman from the obligation of consulting certain officers before making appointments. [Va. 11.]

- (iii) This Conference requests that Government be pleased to make the following alterations in the draft rules framed for the appointment, punishment and transfer of local board servants:—

The latter portion of rule 4 beginning from 'and shall take charge on arrival, etc.' should be deleted. [VI. 10.]

- (iv) That this Conference is of opinion that appeals against punishments inflicted on municipal subordinates shall lie to the municipal council and not to the committee consisting of extraneous authorities. [By. 6.]

- (v) Under the present rule no limit is fixed with regard to the amount of fine the presidents of local boards can impose on their subordinates. This Conference is of opinion that the amount of fine should not exceed one-fourth of the subordinate's monthly salary or Rs. 10 whichever is less. [By. 7.]

- (vi) This Conference is of opinion that some of the draft rules proposed to be issued under sections 70, 72, 199 (1) and (2) (a) and 232 of the Madras Local Boards Act of 1920 and published in the *Port St. George Gazette*, dated 12th September 1923, are reactionary and subversive of the independence of local bodies or self-governing institutions and require to be amended as follows:—

(a) That rule 1 (a) and (b) may be deleted.

(b) That the provision for an appeal committee in rule 14 (c) should be entirely deleted and the power of the District Board as the appellate authority be definitely recognised. [By. 23.]

- (vii) (a) This Conference protests against the existing rules regarding punishments of municipal subordinates and draws in G.O. No. 499, L. & M., dated 14th March 1922, as they are too retrograde in character to conduce to the smooth and efficient working of municipal administration and urges that the same may be reconsidered.

(b) This Conference learns with much concern the proposed framing of a similar rule in the case of local boards and takes this opportunity of representing that it will have a similar effect on the administration of local boards. This Conference considers that the purpose in view may be amply met by providing that appeals may be dealt with by committees of local boards and municipalities, the chairman or the president as the case may be, not being a member of the committee. [Mg. 10.]

- (viii) That this Conference is of opinion that appeals against punishments inflicted on municipal subordinates shall lie to the Municipal Council and not to the committee consisting of extraneous authorities. [Va. 6.]

Orders have been passed in G.O. No. 1936, L. & M., dated 31st August 1923 and No. 94, L. & M., dated 8th January 1924.

- (25) *Educational qualifications.*—This Conference suggests that Government may prescribe the minimum qualifications for each class of Municipal and Local Board servants including Medical Officers, Health Officers and Engineers, but there should be no further control by Government in the appointments to the posts or in fixing their pay, nor should Provincial subsidies be made dependent on the appointment of Government nominees. [Mg. 9.]

Qualifications have been prescribed for Local Board servants in G.O. No. 2722, L. & M., dated 5th October 1923. The question of prescribing qualifications for Municipal servants is engaging the attention of Government. The proposal to allow local bodies to employ their own medical officers is also under consideration. The Government see no reason to remove the control vested in Government under the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920, over the appointment of Health Officers and Engineers.

- (24) *Gratuities for servants.*—This Conference reaffirms the following resolutions passed last year at Saidapet and requests that Government be pleased to give early effect to them:—

That the Municipal Account Code should be so amended as to permit of gratuities being paid to poorly sexual labourers, e.g., peons and labourers. [V. 5 (1).]

This will be considered in connexion with the revision of the Local Boards Manual and the Municipal Account Code.

- (25) *Health Officer and Municipal Engineer compulsory.*—(i) This Conference urges that the provision for the appointment of a Health Officer by municipalities and district boards should not be made compulsory. [Pg. 2.]

- (ii) This Conference is of opinion that section 71 of the District Municipalities Act should be so amended as to give a discretion to municipal councils realising an annual income of one hundred thousand rupees and above in the matter of appointing a Health Officer and a Municipal Engineer. [Tn. 21.]

The Government are not prepared to accept this. The service of District Board Engineers has been provincialised.

- (26) *District code for local board and municipal servants.*—This Conference considers that it is highly desirable to create a district code for the several classes of local board and municipal servants, namely, secondary schoolmasters, medical and health officers, sanitary inspectors, overseers and vaccinators, the administration of each service being entrusted to a Joint Committee consisting of representatives from both classes of local bodies. [Pg. 26.]

The matter is one in which the local bodies should take the initiative.

- (27) *Disbursement of salaries to local board servants outside headquarters.*—This Conference is of opinion that rule 275 of the Local Boards Manual should be so amended as to permit a local board to disburse the salaries of their servants outside the headquarters by other means than by money order, e.g., through the agencies of co-operative societies. [Pg. 4A.]

This question will be considered in connexion with the revision of the Local Boards Manual.

- (28) *Pensionary contribution.*—This Conference urges that article 35 of the Local Boards Manual and Instruction (120), which lay down that pensionary contributions should be paid through the incumbent is not a permanent servant and therefore not entitled to pension at the time, should be amended so as to make the contribution payable with effect from the date of the qualifying service of each servant. [Pg. 50.]

This will be considered in connexion with the revision of the Local Boards Manual.

- (29) *Headquarters of taluk boards to be transferrable at will.*—This Conference is of opinion that a taluk board may transfer its headquarters from one place to another within its jurisdiction with the previous sanction of the district board. [Vn. 1b.]

The Government are not prepared to accept the proposal.

(36) *Panchayats to exercise forest and judicial functions also*—(i) This Conference recommends that the Madras Village Panchayat Act, 1920, be amended that a panchayat formed under the Act should be able to exercise every function of benefit to the village, including the exercise of the powers of a panchayat court under the Madras Village Court Act and that where a panchayat under the Madras Village Panchayat Act is established in a village no separate bodies for looking after forests or judicial functions should be allowed to exist in the same village. [VI. 4.]

(ii) This Conference is of opinion that in villages where there are village panchayats under the Panchayat Act, 1934, separate panchayat courts under the Panchayat Court Act of 1920 need not be established but the panchayats formed under the Panchayat Act, 1920, should be entrusted with the necessary judicial powers. [By. 27.]

(iii) The Conference recommends that the Madras Village Panchayats Act, 1920, should be so amended as to enable Government to invest panchayats formed under that Act with the powers of a village panchayat court under the Village Courts Act. [Ta. 25.]

These questions will be considered in connexion with the amendment of the Madras Village Panchayats Act, 1920.

(37) *Panchayats—to be formed*.—As the Government is not now in a position to give the necessary funds to local bodies this Conference urges the village panchayats under the Village Panchayat Act be formed as far as possible in every village and that the panchayats so formed to improve their villages in the matter of sanitation, communications, etc., by collecting funds in their own villages without waiting for Government grants. [By. 24.]

The Government have appointed a separate officer, the Registrar-General of Panchayats—to organize panchayats. No further action is necessary.

(38) *Co-operation of Government officers*—(i) That all persons in the employment of Government who at the time when the Local Boards Act came into force in any district were performing any executive or ministerial duties in carrying out the purposes of the Act, shall continue to discharge such duties. [Vs. 7.]

(ii) This Conference recommends that a provision be made in the Local Boards Act, 1940, for the continuance of the discharge by Government officers of all such duties as they were performing at the time when the new Act came into force unless and until the Governor in Council shall otherwise direct. [VI. 7.]

(iii) This Conference reiterates Resolution No. 5 in its first session held at Coimbatore and urges on Government the immediate necessity for inserting in the Local Boards and Municipalities Acts a distinct provision in the following effect:—

All persons in the employ of Government who at the time when the Act came into force in any district were performing any executive or ministerial duties in carrying out the purposes of the Act shall continue to discharge such duties unless and until the Governor in Council shall otherwise direct.

This Conference further urges that pending the passing of such legislation, Government may be pleased to issue instructions to the Revenue and other officers in their employ to render the same service to local bodies in all branches of their administration excluding action in encroachments on public roads vested in such local bodies as they were doing when Collectors and Revenue Divisional officers were Presidents. [Ag. 16.]

(iv) This Conference requests the Government to be pleased to issue orders directing officers of the Revenue Department to render to the Presidents of Local Boards all the help which they were rendering before the present Local Boards Act came into force. [Ta. 7.]

The Government are not prepared to issue any general order as proposed.

- (33) *New form of accounts—training in chief Ministerial and chief Accounts officer of local bodies.*—(a) (i) This Conference recommends that local bodies should make necessary arrangements with the Exchequer of Local Fund Accounts to give the Chief Ministerial and the Chief Accounts official of local bodies a training in the new form of accounts. [VI 21.]
- (ii) This Conference agrees that it is desirable that facilities should be created for the training of a Chief Ministerial and of a Chief Accounts officer of local bodies in the accounts. [Mg. 2.]
- (b) This Conference is of opinion that frequent changes of forms of accounts prescribed and the large number of returns which are called for for submission by local bodies are not beneficial to the efficient and speedy discharge of work by local bodies and urges that they may be reduced to a minimum. [Mg. 3.]

Orders have been passed in G.O. No. 245, L. & M., dated 29th January 1922, simplifying the form of accounts to be maintained by local bodies.

## II.—COMMUNICATIONS.

- (1) *Roads—Salt Department to contribute.*—In view of the greatly increased traffic from salt factories, the roads under the charge of local boards are being damaged. This Conference recommends that Government be requested to arrange for payment of contribution by the Salt Department to the local boards for the upkeep of roads. [Va. 65 (a).]

Each case will be dealt with on its merits.

- (2) *Bridges, etc.*—That the Government be requested to set apart annually—

- (a) a definite amount for financing the entire cost of construction of bridges and cutaways on trunk roads, and
- (b) a minimum allotment of 20 lakhs of the lam. funds for bridges and cutaways on other roads one half of which should be available for grants to local bodies for meeting the Government's share of the cost of such bridges and cutaways, the other half for loans to local bodies for meeting their share of cost. [Va. 6 (a).]

The present financial position prevents the Government from making any definite promise.—Vide item (b) (ii) in part II of the minutes on page 5 of G.O. No. 1845, L. & M., dated 5th August 1922.

*Bridges—Bridgesmen classed—Government to contribute.*—In view of the fact that the funds of Public Works Department tanks are improved and bridgesmen classed are deeply dug in cart-tracks without the knowledge of the local boards, much difficulty is being experienced by ryots to drive their carts and water stagnates in the neighbourhood or in the midst of some villages with the result that mosquitoes breed there which prove a nuisance to ryots. This Conference recommends therefore that Government be requested to contribute towards the construction of bridges and culverts, etc., at such places. [Va. 65 (b).]

Each application will be considered on its merits.

- (3) *Provincialisation of Engineers.*—(i) This Conference emphatically protests against the provincialisation of the District Board Engineering service, if it is to be done at the expense of the poor District Boards, cutting the grants for the first and second class roads by 10 per cent. [VI 22.]
- (ii) This Conference is not in favour of the suggested introduction of a Provincial cadre for District Board Engineers, Assistant Engineers and Municipal Engineers. [Mg. 17.]
- (iii) This Conference is of opinion that the recommendations of the Financial Relations Committee regarding the provincialisation of District Board Engineer and Assistant Engineers be given effect to as early as possible. [Va. 26.]

Orders have been passed in G.O. No. 2165, L. & M., dated 2nd October 1923.

- (4) *Encroachments*.—(i) This Conference recommends that the Local Boards Act may be so amended as to confer greater powers on the presidents of local boards in regard to the removal of encroachments and that the presidents of local boards be authorized to issue notices without the approval of the board's agent. [VI 23.]
- (ii) This Conference supports resolution No. 2 passed at the Trichinopoly Group Conference held in 1921 and urges that local boards be empowered to levy penalty on objectionable encroachments on public roads as provided in section 96 (c) of the old Madras Local Boards Act. [VI 25.]
- (iii) This Conference recommends that section 159 (1) of the Local Boards Act be so amended that the Presidents of Local Boards may be authorized to issue notices for the removal of encroachments without the approval of the Board as provided in section 96 of the Old Act. [Va. 58.]

The resolutions are under the consideration of the Government in connection with the amendment of the Madras Local Boards Act, 1926.

That the Government be requested to order the revenue authorities concerned to prepare a list of encroachments on properties vested in the local boards and send the return (No. 3-a) to the local boards concerned for necessary action being taken under sections 159 (3) and 207 of the Local Boards Act. [By. 35.]

This resolution cannot be accepted.

- (5) *Village roads*.—*Portion of extra land to be earmarked*.—This Conference recommends that in order to satisfy the crying demand for village roads in rural areas at least half the portion of the extra land reserved under section 70 (3) (ii) of the Madras Local Boards Act be earmarked for such roads and that an equal amount or a proportion thereof be contributed by the Government. [VI. 24.]

It is open to Taluk Boards to spend a portion of the income on village roads. No contribution can be paid by Government.

- (6) *Transport of road materials and cost for local bodies*.—*Railway freight*.—(i) This Conference requests the Local Government to address the Railway Board to fix railway freight of road materials and coal required by local bodies at a rate not exceeding the actual cost to the railway in transporting such materials. [VI. 26.]
- (ii) This Conference considers it absolutely necessary that concessions should be allowed for railway freight for transport of material required for roads in charge of local boards and municipalities. [Mg. 14.]
- (iii) This Conference requests the Government to address the Railway Board that freight for materials required for roads in charge of local bodies shall be so fixed as not to exceed the actual cost of transport. [Va. 45.]

The matter is under consideration.

- (7) (i) *Trunk road grants*.—That the grants for roads should be paid within the fiscal year and in anticipation of the inspection and certificate of the Superintending Engineer any over-payments discovered as a result of the Superintending Engineer's inspection being adjusted in the accounts of the next year. [VI. 5 (3).]
- (ii) That the amount of Provincial grant-in-aid for the maintenance of trunk or first class roads should not be fixed at the maximum of Rs. 500 per mile but should be made elastic and different maxima fixed for different districts with due regard to local conditions. [VI. 5 (3).]
- (iii) This Conference urges that the amount of Provincial grants-in-aid for maintenance of trunk roads in district based and municipal areas should not be restricted to Rs. 500 and Rs. 1,000 a mile respectively but should be elastic with due regard to local conditions and the list of such roads should be revised. This conference further urges that advances

should be given for the maintenance of such roads in the course of a year once in every quarter. [Pg. 15.]

Orders have been passed in G.O. No. 2093, L. & M., dated 22nd September 1923, in regard to the payment of grants within the year.

The Government cannot at present provide the money required to increase the rate of trunk road grants. The question of fixing the grants for different districts with reference to local conditions is under the consideration of Government.

- (iv) This conference further urges that Government should contribute not less than 50 per cent of the cost of the maintenance of second-class roads and that the money limit now laid down should be abolished. [Pg. 15.]

The Government cannot accept the suggestion.

- (v) *Stocking of metal*.—That the local bodies be permitted to stock metal in small quantities to meet urgent repairs and be paid for the same. [By. 8.] The Government are not in favour of the suggestion.

- (vi) That this conference is of opinion that the collecting of the road materials on the trunk roads not agreed be paid for by the Government. [By. 9.] The Government are not prepared to accept the suggestion.

- (vii) That the grant of 10 per cent for establishment charges on the trunk road expenditure is totally inadequate and should be raised. [By. 10.] The Government are not prepared to accept the suggestion.

- (viii) That advance payments by Government or overdrafts from the treasury should be permitted for expenditure on trunk roads. [By. 11.]

Orders have issued in G.O. No. 2093, L. & M., dated 22nd September 1923.

- (8) *Forty lakhs grant not to be diverted for health staff*.—That no portion of the 14 lakhs grant for second-class roads should be diverted for the health staff or any additional expenditure thrown on the boards of this group having regard to their poverty on account of their health staff. [By. 12.]

The Conference presumably means that the whole of what was formerly known as the '14 lakhs' grant should be allotted for second-class roads. The suggestion cannot be accepted.

- (9) *Free grant of timber for foot bridges*.—This conference considers it absolutely necessary in the interests of public convenience that Government should assist local boards by free grants of timber from Government warehouses for providing foot bridges over seasonal streams wherever they are necessary. [Pg. 18.]

The request for free grants of timber cannot be complied with.

- (10) *Grants for second-class roads*.—This conference requests Government to make subsidies to local bodies for the maintenance of second-class roads on the lines recommended by the Financial Reform Committee. [Pg. 15.]

Orders have been passed in G.O. No. 1096, L. & M., dated 21st June 1922.

- (11) *Contribution from Forest Department for upkeep of roads where timber is transported from Government forests*.—This conference urges Government to direct the Forest Department to pay a contribution to local bodies for the upkeep of roads and communications in all cases in which the heavy transport of timber, etc., from Government forests shall have caused extraordinary strain on such roads and communications. [Pg. 46.]

Each case will be dealt with on its merits.

- (12) *Railway cess to be spent on roads and bridges*.—This conference is of opinion that district boards shall be given liberty to utilise the accumulated railway cess fund for the construction of new communications and bridges where it is not possible to utilize the same for the construction of railways, light railways and tramways. [Pg. 46.]

This is not permissible under the existing Act.

- (13) *Contingent charges*—to be revised.—That in view of the bad financial condition of most local bodies this conference resolves to request Government to excuse contingent charges. [By. 36.]

Each case will be dealt with separately on its merits.

- (14) *Classification of roads*.—This conference is of opinion that portions of district or taluk board roads within union limits should vest in district or taluk boards concerned instead of the unions as at present. [Tn. 9.]

The Government are considering the question of amending the Madras Local Boards Act to this effect.

- (15) *Common stock of tools and plant and engineering library*.—That this Conference is of opinion that a common stock of tools and plant and an engineering library be acquired from the funds of the local bodies of the group for the use among members and the Engineering staff. [By. 31.]

No orders of Government are required.

### III.—EDUCATION.

#### ELEMENTARY.

- (1) *Seventy-five per cent of cost to be provided by Government*.—This Conference resolves that the Government should contribute not less than 75 per cent of the total cost of elementary education treating it as a State concern; [Va. 64.]

The resolution apparently refers to elementary education imparted by local bodies. The request cannot be complied with. A method of subsidising local bodies has been laid down in the Madras Elementary Education Act.

- (2) *District Educational Councils—Presidents of Boards and Chairmen of Municipal Councils to be ex-officio members*.—(i) This Conference recommends to Government that the Elementary Education Act be so amended as to make presidents of taluk boards and chairmen of municipal councils ex-officio members of the District Educational Council. [Va. 46.]

- (ii) This Conference is of opinion that the Elementary Education Act of 1920 must be so amended as to provide—

- (a) That chairmen of municipal councils and presidents of taluk boards shall be ex-officio members of the District Educational Council. [By. 14 (a).]

The suggestion will be considered in connexion with the amendment of the Elementary Education Act, 1920.

- (3) *District Educational Councils—Elected representatives of local body to vacate when elected not as local body*.—(i) This Conference recommends that the Elementary Education Act be so amended that the members elected by local bodies to the Education Council should automatically cease to be members of the council when they cease to be members of the local bodies that elected them. [Va. 41.]

- (ii) This Conference is of opinion that sections 5 and 8 of the Madras Elementary Education Act should be so amended as to make the representative of a local body on the District Educational Council vacate his seat on the latter when he ceases to be a member of the local body. [By. 47.]

- (iii) This Conference is of opinion that the Elementary Education Act of 1920 must be so amended as to provide that a member of the Educational Council who is elected by a municipal council or by a local board shall be deemed to have vacated his office on the expiry of his term of membership on the Municipal Council or Local Board by which he was elected. [By. 14 (b).]

The suggestion will be considered in connexion with the amendment of the Elementary Education Act, 1920.

- (4) *Government to pay taxes the realisation under education dues in Tribal Board areas.*—This Conference resolves that Government be pleased to pay Rs. 2 for every rupee of education tax raised by tribal boards in areas where compulsory education is introduced. [VI. 27.]

The Act is sufficiently elastic to allow the raising of the equivalent contribution in deserving cases. The Government are not prepared to go further at present.

- (5) *Contribution to Elementary Education fund.*—*Not to be enforced.*—This Conference recommends that the Government be requested not to insist upon local bodies which levy education tax to contribute to the Elementary Education fund a sum equal to what they had been spending upon elementary education previous to the levy of the education tax. [VI. 29.]

The proposal cannot be accepted.

- (6) *Cheaper type-designs for Elementary School buildings.*—This Conference is of opinion that the present type-designs for elementary school buildings are too costly and otherwise unsuitable for adoption by local bodies and suggests that different designs and plans may be prepared and circulated among local bodies including District Educational Councils for their opinion. [VI. 31.]

Cheap type-designs of elementary schools have already been circulated with G.O. No. 1124 W., dated 17th November 1922, and No. 1131 W., dated 16th November 1923.

- (7) *Elementary schools in unions to be entrusted to union boards.*—This Conference considers that the management of elementary schools in union board areas and the charge of school buildings therein may be entrusted with advantage to union boards. [VI. 33.]

This is not permissible under the existing Local Boards Act, the opening and maintenance of elementary schools being a charge on Tribal Board funds. The Government see no need to amend the Act.

- (8) *Half net cost of elementary education.*—*On introduction of free and compulsory education.*—*To be borne by Government.*—*Additional facilities.*—This Conference is of opinion that Government should bear not less than half the net cost of elementary education incurred by a local authority on the introduction of free and compulsory education in its area. [VI. 34 (a).]

The Government are not prepared to accept the suggestion.

This Conference urges that local bodies should not be compelled before introduction of compulsory education to levy additional taxation for the purpose but Government should pay an additional subsidy under section 57 of the Madras Elementary Education Act equal to the amount realised by adjustment from general funds. [VI. 34 (b).]

The Government are not prepared to accept the suggestion.

- (9) *Higher elementary schools.*—*English to be compulsory.*—This Conference resolves that with a view to co-ordinate elementary education with secondary education and to meet the popular demand for the study of English, English be one of the compulsory languages taught in all higher elementary schools under public management. [VI. 35.]

This question turns upon the difference between an elementary school proper and the primary department of a secondary school and the point whether such a difference should be maintained in engaging the attention of Government.

- (10) *All buildings for elementary schools to be eligible for the usual grant-in-aid.*—This Conference recommends to Government that all buildings meant for elementary schools be considered eligible for the usual grant-in-aid provided they make adequate provision for light and air to the opinion of the District Educational Council according to the standards laid down in writing by such a council. [VI. 35.]

For schools managed by local bodies Government give subsidies in deserving cases. District Educational Councils can give building grants to aided elementary schools up to a limit of Rs. 2,500 in each case. No further action is necessary.

- (11) *Elementary schoolmasters—Increase of salary.*—That the scale of salaries of the elementary schoolmasters be raised suitably so as to secure greater efficiency and that the system of granting capitation allowances to them be immediately stopped. [By 15.]

Raising the pay of teachers of elementary schools under local bodies is a matter for the consideration of local bodies themselves. Orders have already been passed in G.O. No. 1144, Law (Education), dated 2nd October 1922, directing the abolition of capitation allowances to teachers in the employ of local bodies.

- (12) *Elementary schoolmasters—Allowance.*—(a) *Local bodies' share may be met from Elementary Education fund.*

This Conference is of opinion that with regard to the Rs. 4 allowance to elementary schoolmasters the present disability imposed on the local bodies that they should not meet their share of the allowance from the Elementary Education fund should be removed. [By 14.]

The prohibition applies only to the proceeds of the education tax which is a part of the Elementary Education fund.

- (b) *Government grants.*—That Government be requested to sanction the whole of the Rs. 4 allowance to elementary schoolmasters and to treat this grant as part of the recurring expenditure of the preceding year within the meaning of the proviso to section 87 of the Madras Elementary Education Act of 1920. [VL 5-5.]

- (c) This Conference urges that the grant of Rs. 2 allowance for payment to elementary schoolmasters from Provincial funds should be increased to Rs. 4 and it should be treated as part of the recurring expenditure of the preceding year within the meaning of section 87 of the Madras Elementary Education Act. [Mg 28.]

The Government have already dealt with this—vide item (2) (5) under III—Education in the annexure to G.O. No. 1545, L. & M., dated 9th August 1922.

- (d) This Conference resolves that the Government be requested to sanction a subsidy of Rs. 2 per *manam* per teacher to all the taluk boards contributing an equal share and Rs. 2 per *manam* per teacher to all the municipalities which will pay the same sum of Rs. 2. [Th. 10.]

The Government are not prepared to comply with this request.

- (e) This Conference is of opinion that the Government should be requested to raise by 10 per cent the present scale of Provincial subsidy in cases where full grants are not already given. [Th. 12.]

The Government are not prepared to accept the suggestion.

#### MUHAMMADAN EDUCATION.

- (13) *Higher grade Elementary schools to be established by the Government.*—This Conference requests Government to establish higher grade elementary schools for Muhammadans (boys and girls) at each head-quarter station of the district and open schools for the training of Muhammadan boys and girls. [Th. 64.]

The Government do not directly manage elementary schools. The opening of new schools is in the hands of local bodies and private managers.

- (14) *New schools to be opened.*—In view of the backward state of Muhammadan Elementary Education, this Conference requests Government, Educational Councils and local boards to establish new schools and appoint Urdu teachers in accordance with the proceedings of the Director of Public Instruction No. 5936, dated 24th September 1923, in places where separate Muhammadan schools cannot be started for want of sufficient strength. [Th. 67.]

This request is for the local boards to consider. It is not the function of District Educational Councils to open new schools.

SECONDARY EDUCATION.

- (15) *Three-fourths cost to be borne by Government.*—(i) This Conference suggests that the cost of five secondary education be shared between Government and the local bodies in the proportion of 3 to 1 as recommended by the Financial Relations Committee in paragraph 23 of Appendix A of its report except in cases where Government now bears the whole or higher proportion and the Conference further suggests that the recommendation of the Financial Relations Committee in respect of the responsibility of Government and local bodies for meeting the net cost of secondary schools be accepted. [Vr. 61.]

Government have already passed orders on these suggestions—vide (1) (3) under III—Education in the annexure to G.O. No. 1345, L. & M., dated 5th August 1922.

- (16) (5) *High schools to be opened in Taluk headquarters and in Ceded Districts.*—This Conference suggests that each district board should maintain at least one high school in every taluk headquarters where there are no such schools. [VL 30.]

This is for district boards to consider.

- (6) That in view of the deplorable backward condition in education of this group of districts this Conference resolves to request the Government to increase the number of high schools there. [Hy. 17.]

The policy of Government is to rely on private agency as far as possible. If proposals for opening schools are received, they will receive due consideration.

- (17) *Half-fee concessions in High schools.*—Certificates from non-official members of local bodies and District Educational Councils to be accepted.—This Conference requests Government that the rules relating upon the production of a certificate from a Government official not below the rank of a Deputy Tahsildar by pupils seeking half-fee concessions in high schools and colleges should be so modified and amended as to permit the production of a certificate from any of the non-official members of local bodies including members of the District Educational Councils [Mg. 28.]

The list of officers competent to grant the certificates specified in G.O. No. 239, Education, dated 1st March 1922, is wide enough.

- (18) *Secondary schools—Salaries.*—That in secondary schools under the management of public bodies the salaries of teachers of different grades be standardized with special provision for backward localities and that Government be requested to bear the entire net cost. [VI. 5 (5).]

The Government do not propose to take action in the matter of standardization of pay of high school teachers in view of the existence in the conditions of different localities. As already stated in G.O. No. 1345, L. & M., dated 5th August 1922, they are not prepared to undertake the entire net cost.

GENERAL.

- (19) *Secondary schools to be managed by district boards.*—Elementary schools to be managed by taluk boards.—This Conference recommends that all secondary schools should be managed by district boards, taluk boards being entrusted with the management of only elementary schools. [Mg. 20.]

This is already provided for in the existing Local Boards Act—vide Rules 1-A (4) and 1-B (2) in Schedule V of the Act.

- (20) *Elementary and Secondary schools opened with the aid of Provincial funds to be maintained by Government.*—This Conference suggests that in the case of elementary and secondary schools opened out of Provincial subsidies the entire cost of the maintenance of such schools be met out of Provincial funds. [Mg. 29.]

The Government are not prepared to accept this recommendation as a general recommendation of policy. Each case will however be considered on its merits.

- (21) *Vocational training*.—This Conference suggests that vocational training including the spinning wheel should be introduced in all or any of the elementary and secondary schools and that the spinning wheel should be introduced as a compulsory subject in all girls' schools. [Va. 69.]

Vocational training is being introduced, wherever feasible, in higher elementary and secondary schools. The Government are unable to accept the recommendation in the latter part of the resolution.

- (22) *Village libraries*.—*To be paid for by district boards and Government*.—(i) This Conference is of opinion that the District Board shall stimulate village library movement by contributing half the cost of village libraries properly organized and the Government be requested to contribute not less than Rs. 50 per year for each of such libraries established. [Va. 68.]
- (ii) That this Conference resolves to request the Government to allot not less than Rs. 50 annually to each village panchayat constituted under the Village Panchayat Act for starting and maintaining a library in the village and also suitable allotments for libraries in municipal and union areas. [By. 25.]

The question of making contributions to village libraries from District Board funds is one for the consideration of district boards.

In 1921, a sum of Rs. 15,000 was distributed by Government to local bodies for the maintenance of public libraries and a similar sum has been provided in the current year's budget. Beyond this it will not be possible to do anything at present.

- (23) *Common technical library*.—That a common technical library be organized from the funds of the local bodies from the Ceded district group for the use of their members. [By. 32.]

This is a matter for the consideration of the local bodies concerned.

- (24) *Schools to be open to all classes*.—This Conference is of opinion that only schools open to all classes should be maintained out of Municipal and Local Board funds. [By. 18.]

No action on this part of the Government is called for. The Government have declared that schools under public management should be open to pupils of all castes.

- (25) *Technical—Industrial schools*.—(i) *Government to pay two-thirds*.—This Conference recommends to the Government that technical and industrial schools be started in every district under the management of local bodies and that Government should bear two-thirds and the local board concerned one-third of the cost thereof. [Va. 64.]
- (ii) *To be established by Government*.—(a) This Conference is of opinion that it is absolutely necessary that technical schools should be established by Government in suitable centres and that vocational training should be included in the curriculum of studies for secondary schools. [By. 55.]
- (b) This Conference is of opinion that it is absolutely necessary that technical and industrial schools should be established by Government in suitable centres and vocational training included in the curriculum of studies for secondary schools. [By. 55.]

Proposals for the opening of technical and industrial schools by local bodies will be considered by Government if concrete proposals are placed before them. As far as including vocational training in the curricula of studies this is being done as far as possible.

- (26) *Free and compulsory primary education*.—This Conference is of opinion that it is desirable and necessary to introduce free and compulsory primary education in all municipal areas. [Va. 31.]

It is for municipal councils to move in the matter.

- (27) *Scouting organization in Ceded Districts*.—This Conference is of opinion that a scout officer be appointed by the District Board of this group to organize and promote scouting in their districts and the Assistant Scout Commissioner be asked to submit to the President of the Conference a recommended detailed plan to work out the resolution. [By. 57.]

No orders of Government are required.

## IV.—PUBLIC HEALTH.

## MEDICAL SERVICES.

- (1) *Training of midwives.*—(i) This Conference recommends to the Government to arrange for the training of midwives and daisies in centres where hospitals for women and children exist and authorise the medical officer in charge to grant certificates to trained midwives and daisies. [Va. 48.]
- (ii) That facilities be afforded in each district for training indigenous midwives with a view to the early introduction of the system of registering and licensing them at least in municipal towns. [V. 45 (7).]

The suggestions are under consideration.

- (2) *Sub-assistant surgeons.—Transfer.*—*Presidents to be consulted.*—(i) That in the case of sub-assistant surgeons working under taluk boards, transfers should not be made without consulting the presidents of the boards concerned. [Vs. 30.]
- (ii) That in the opinion of the Conference the Surgeon-General should not transfer or post sub-assistant surgeons to the district without the consent of the president, district board, local boards or the municipal chairman concerned and that no correspondence should pass between him and the District Medical and Sanitary Officer in such matters except through the President, District Board. [Va. 29.]
- (3) Orders have been passed in G.O. No. 1926, L. & M., dated 31st August 1925.
- (4) The Government consider that the suggestion is impracticable.

- (5) *Compounders, midwives and vaccinators.—Appointment.*—*Taluk boards to have larger powers.*—This Conference urges the desirability of vesting in the Presidents of taluk boards powers of independently appointing and transferring compounders, midwives and vaccinators working in the territorial jurisdictions of the respective boards. [Va. 51.]

Orders have been passed in G.O. No. 1926, L. & M., dated 31st August 1925.

- (6) *Grants.—Medical institutions.*—This Conference recommends that not less than half the net cost of all the medical institutions of the local and municipal bodies be met by Government. [Va. 53.]

Orders have been passed in G.O. No. 1637, P.H., dated 10th October 1925.

- (7) *Ayurvedic and Unani Dispensaries.*—(i) This Conference is of opinion that the local bodies should manage and maintain Ayurvedic and Unani dispensaries within their jurisdiction. [Va. 52.]

- (ii) This Conference resolves that every local body should maintain or aid indigenous medical institutions with its funds. [Va. 53.]

This is a matter which lies within the discretion of local bodies.

With a view to the extension of medical relief in rural areas, this Conference recommends to local bodies the establishment of Ayurvedic and Unani dispensaries and appeals to Government to extend to such dispensaries the same help as is now given to Allopathic dispensaries. [Va. 54.]

The question will be considered in connection with the report of the Committee on the indigenous systems of medicine.

- (8) *Drugs to be supplied by District Medical Officer.*—This Conference recommends to the Government that all medicines which are not poisonous be supplied at particular prices by the District Medical Officer. [Va. 63 (1).]

The Government do not consider that the suggestion is practicable.

- (9) *Fees of medical officers.*—That Government be requested to fix the visiting fees of medical officers as before and for visiting places outside the limits he shall be paid in addition the mileage according to the rates provided for in the revised travelling allowances rules. [Va. 63 (2).]

The Government are not prepared to lay down any hard and fast rules on the subject.

- (8) *Maternity cases—Attendance of medical officers to be compulsory.*—This Conference is of opinion that it is obligatory for medical officers to attend on labour cases when their services are required in the same manner as it is obligatory in cholera cases. [Va. 63 (3).]

Maternity cases do not stand on the same footing as cases of cholera which is an epidemic disease. However the Government do not consider that any medical men will refuse to attend in times of emergency.

- (9) *In rural areas—Medical officers to undertake itinerant work at weekly clinics, etc.*—(i) That this Conference approves of the suggestion that medical relief in rural areas can be better organized, especially by utilizing to better purpose those medical institutions which do not give full-time work for a medical officer and recommend the deputation of such medical officers to undertake an itinerant at weekly clinics or in other suitable centres. [By. 18.]
- (ii) This Conference entirely approves of the suggestion that medical relief in rural areas can be better organized, especially by utilizing to better purpose those medical institutions which do not give full-time work for a medical officer and commend the deputation of such medical officers to undertake an itinerant at weekly clinics or in other suitable centres. [VI. 35.]
- (iii) This Conference entirely approves of the suggestion that medical relief in rural areas can be better organized, especially by utilizing to better purpose those medical institutions which do not give full-time work for a medical officer and commend the deputation of such medical officers to undertake an itinerant at weekly clinics or in other suitable centres. [By. 32.]
- (iv) This Conference is of opinion that some of the existing dispensaries do not provide sufficient work for the medical officer in charge and that efforts should be made to spread medical relief for such dispensaries to the surrounding areas and villages by closing them on certain days in the week and sending the medical officer to visit such dispensaries in surrounding areas. [Va. 18.]

The resolutions are in accordance with the recommendations made by the Government in G.O. No. 1603, P.H., dated 25th November 1921.

- (10) *Senior medical officers—Posting to Ceded districts.*—That this Conference is of opinion that the Government should be requested—
- (1) to put a stop to the practice in regions not sending senior medical officers to serve in the Ceded districts and
  - (2) not to give senior medical men the option of choosing the stations where they should serve. [By. 25.]

Postings of Medical officers are regulated by the Surgeon-General in accordance with certain general principles. The Government do not consider that any change in the system is called for at present.

- (11) *Medical Stores—Same rates for local bodies as for Government.*—(i) That this Conference resolves to request Government to charge for Medical Stores the same rates for medical institutions under local bodies as they charge for the Government institutions. [By. 22.]
- (ii) This Conference resolves that Government be pleased to supply medicines to the local and municipal hospitals and dispensaries at the same rates at which they are supplied to Government institutions. [VI. 32.]
- (iii) This Conference urges that orders may be passed directing the Government Medical Stores to supply medicines to local bodies at the same rates as are charged to Government institutions or if this cannot be done, arrangements should be made for the starting of separate Medical Stores for local bodies. [By. 24.]
- (iv) This Conference requests the Government to be pleased to supply to local bodies with Medical Stores at the same rate at which they are supplied to Government institutions. [Va. 16.]

The matter is under consideration.

(12) *Taluk Headquarters and Municipal hospitals.—Management to be undertaken by Government.—Halt given to all medical institutions.*—(i) This Conference urges upon Government to undertake the management of all Taluk Headquarters and Municipal hospitals and to pay to such municipality and local board at least half the cost of the medical institutions under them irrespective of the time and conditions under which they were started. [Vi. 34.]

(ii) This Conference urges Government to pay to each municipality and local board at least half the cost of the medical institutions under them irrespective of the time and conditions under which they were started. [Mg. 53.]

Orders have been passed in G.O. No. 1687, P.H., dated 16th October 1923.

(13) *Medical inspection of elementary schools.*—(i) This Conference considers it necessary that Government should take immediate steps for arranging medical inspection of children in elementary schools at Government cost. [Mg. 51.]

(ii) This Conference resolves that local bodies should arrange for systematic medical inspections of school children and requests Government to assist the local bodies liberally with funds and men. [Ta. 14.]

So far, it has been found possible to co-ordinate medical inspection of pupils only in recognised secondary schools. A system of grant-in-aid for medical inspections in respect of such schools was also approved in G.O. No. 203, Education, dated 12th February 1920. The question of making revised arrangements for medical inspection is under consideration and pending orders thereon the system of grant-in-aid is kept in abeyance.

(14) *Co-ordination of medical activity in a district.*—This Conference recommends that a complete survey should be made of the hospitals and dispensaries in each district and that a concerted effort should be made to co-ordinate medical activity throughout the district. [Un. 17.]

The Government endorse the suggestion and commend it for the consideration of all local bodies.

This Conference recommends that the question of financial responsibilities for medical relief for the districts as a whole should be enquired into and that the principles governing the distribution of the cost of such medical relief among the Government, the local boards, the municipal councils and other agencies should be settled. [Ta. 19.]

Orders have been passed in G.O. No. 1687, P.H., dated 16th October 1923, regarding the assistance to be given from provincial funds towards the cost of medical institutions at taluk headquarters. As regards other institutions, the matter is under consideration. The Government consider that the distribution of the cost as between different local bodies is one to be decided by the local bodies themselves with reference to the number of patients treated from their respective areas.

#### PREVENTIVE MEDICINE.

(15) *Propaganda.—Quarantine and equipment.*—(i) In order to spread knowledge regarding epidemic and other health matters, this Conference recommends that local boards and municipalities should take steps to form local committees, e.g., ward committees, which should undertake propaganda in public health work in schools, markets, etc., in their own areas. [Va. 45.]

(ii) That in order to spread knowledge regarding epidemics and other health matters, this Conference recommends that local bodies and municipalities should encourage the formation of local committees, e.g., ward committees, which should undertake propaganda in the public health work in schools, markets, etc., in their own areas. [By. 19.]

- (iii) In order to spread knowledge regarding epidemics and other health matters this Conference recommends that local boards and municipalities should form local committees, e.g., ward committees which should undertake propaganda in Public Health work in schools, markets, etc., in their own areas. [Pl. 31 (c).]

- (iv) In order to spread knowledge regarding epidemics and other health matters this Conference recommends that local boards and municipalities should encourage the formation of local committees, e.g., ward committees which should undertake propaganda in Public Health work in schools, markets, etc., in their own areas. [Pg. 37.]

No orders of Government are required.

This Conference resolves that Government be pleased to supply district boards at Government expense with magic lanterns and slides to enable local bodies to do the propaganda work. [Pl. 33.]

The proposal cannot be accepted in the present financial stringency.

- (15) *District Health Committee—Composition.*—This Conference recommends that the District Health Committee should for the present consist of the President, District Board, the Presidents of Taluk Boards, the District Medical and Sanitary Officer and the Chairmen of Municipalities, the District Health Officer will act as Secretary to the Committee, the President, District Board, being the President of the Committee. [Vs. 32.]

The Government have considered the question of constituting District Health Committees on the lines indicated but have decided to drop it.

- (17) *Sewerage tax.*—(i) This Conference considers that the option now resting with house-owners to place private latrines and cess-pools under Municipal agency be done away with and that provision be made in the Madras District Municipalities Act for the levy of a sewerage tax on all houses as part of property tax instead of private sewerage fees as at present. [Vs. 57.]

- (ii) This Conference is of opinion that private sewerage fees in municipalities should be incorporated as a tax with the bills for houses and water tax. [Pg. 44.]

Provision for the levy of a sewerage tax has been made in the Bill to amend the District Municipalities Act, 1920.

- (18) *Health and Welfare Association—Formation of local branches—Municipal and rural areas.*—(i) That in view of the general high infantile mortality both in rural and municipal areas this Conference recommends the formation of the local branches of the Health and Welfare Association. [By. 39.]

- (ii) In view of the general high infantile mortality both in municipal and rural areas, this Conference recommends the formation of local branches of the Central Health and Welfare Association. [Pl. 31 h.]

- (iii) This Conference recommends in view of the general high infantile mortality both in municipal and rural areas the formation of local branches of the Central Health and Welfare Association. [Pg. 33.]

- (iv) This Conference recommends in view of the general high infantile mortality both in municipal and rural areas the formation of the local branches of the Central Health and Welfare Association. [Vs. 44.]

No action on the part of the Government is called for.

- (19) *Water-supply—Depressed classes—Grants for Taluk Boards.*—That this Conference resolves to implore on Government the necessity for making liberal grants for taluk boards for providing the depressed classes with adequate water-supply. [By. 31.]

The Commissioner of Labour is fully aware of the need for providing the depressed classes with adequate water-supply.

- (20) *Power to enforce provision of latrines and sewerage in local board areas.*—This Conference is of opinion that in non-pundagat areas under local boards the Act should be so amended as to give power to enforce in towns an adequate provision of latrines and satisfactory arrangements for sewerage. [Pg. 35.]

The suggestion cannot be accepted.

- (21) *Plague policing charges to be met by Government.*—This Conference urges that plague policing charges should be met as heretofore by Government. [Pg. 45.]

This has been accepted in G.O. No. 181, Judicial, dated 30th April 1925.

- (22)  *Tanks to be vested in local boards.*—This Conference resolves that the Government be requested that all tanks in local board areas not used for irrigation or other purposes should not be alienated or leased out on patta or otherwise disposed of except to local boards for the purpose for which they were originally intended. [Va. 41.]

The resolution is not clear. Drowned tanks will revert to Government and will be disposed of by the Revenue Department.

This Conference resolves that the tanks that are vested in the local boards ought not to revert to Government until the local boards concerned are consulted and until they express the opinion that the tanks are not used for the purpose for which they are intended. [By. 24.]

Orders have issued in G.O. No. 927, L. & M., dated 15th April 1925, published in Part I-A of the Port St. George Gazette, dated 28th April 1925.

- (23) *Government subsidies—Rural sanitation.*—That Government be requested to sanction an annual recurring grant for rural sanitation equal to one-fourth of the receipts of each Taluk Board from land cess since the stoppage of these grants has adversely affected the sinking of wells especially in Adi-Javarin quarters, the cleaning and filling up of insanitary public tanks and the removal of poultry-poor and various vegetation. [VL 2(3).]

The question is engaging the attention of the Government.

- (24) *Re-vaccination.*—This Conference recommends that all municipalities should encourage re-vaccination. [In. 15.]

The question of making re-vaccination compulsory has been considered and dropped in view of administrative and other objections raised—vide G.O. No. 1322, P.H., dated 14th August 1925.

- (25) *Plague and Cholera charges to be met by Government.*—This Conference recommends that the Government should be pleased to bear all the expenses in connection with the combating of Plague and Cholera from Provincial Funds. [Va. 29.]

The suggestion cannot be accepted.

- (26) *Levy of contributions from temples or other institutions.*—This Conference recommends that section 156 of the Madras District Municipalities Act and section 128 of the Local Boards Act should be so amended as to permit of contributions being levied from trustees and other persons in charge of temples or other institutions towards expenses incurred in connection with public health safety and convenience in the local area in which such temples or institutions are located. [Va. 21.]

Necessary amendments have been proposed in the draft bills to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920.

- (27) *Acquisition of land and buildings for emergency uses.*—This Conference is of opinion that the following provision may be inserted in the District Municipalities and the Local Boards Acts:—

(a) "Notwithstanding anything that is contained in the Town-Planning Act and the Land Acquisition Act, it shall be competent for the Municipal Council or the Local Board to acquire any site or building thereon within the Municipal or the Local Board area and for forming conservancy areas."

- (d) The Council or Board, after due notice to the parties concerned and hearing their objections, if any, may resolve upon acquiring or not acquiring such site or building.
- (e) The Council or Board shall be competent to fix the value of the site or building so acquired.
- (f) The Council or Board may fix a date when it will take possession of the said site or building thereon which date shall not be within a month after the said resolution provided that the approved party may, if not satisfied with the amount of compensation decided by the Council or Board, apply to the principal Court of Civil Jurisdiction by a petition for settling the question. [By. 38.]

The Government do not consider that the provision suggested is necessary.

#### V.—TAXATION AND FINANCE.

- (1) *Tax on passengers at ports.*—This Conference requests that provision be made in the Madras District Municipalities Act for the levy in municipalities which are ports a tax analogous to the pilgrim tax on passengers sailing or landing from steamers in the port so as to enable municipal councils to meet the charges of special arrangements for sanitation, water supply and hospitals for infectious diseases on account of the gathering of such passengers. [Va. 55.]

The Government do not consider that the proposed provision is necessary.

- (2) *Definition of company to be altered so as to include companies outside British Empire.*—This conference recommends to Government that the definition of 'Company' in the District Municipalities Act and the Madras Local Boards Act be so altered as to include any companies whether registered within the British Empire or outside. [VI. 38.]

Necessary amendments have been included in the Amending Bills.

- (3) *Surplus receipts under Cattle Troughs Act to be made over to local bodies.*—This Conference requests Government to make over the surplus receipts under fines and penalties collected under the Cattle Troughs Act in municipal areas to municipalities, to taluqs in taluk areas, to village panchayats where such panchayats exist and to taluk boards in other areas. [VI. 39.]

Unless all local bodies are prepared to take over all the pounds in the area concerned, the question cannot be considered.

- (4) *Tax on amusements.*—This Conference resolves to recommend that local boards and municipalities be empowered to levy tax on public amusements for the benefit of local bodies in places to which the provisions in the Public Resorts Act are extended. [VI. 40.]

The question of introducing a Bill for the taxing of amusements is under the consideration of Government.

- (5) *Gross on shikari revenues.*—This Conference resolves to recommend that local bodies be empowered to levy a cess on shikari revenue at a rate not exceeding one anna in the rupee of such revenue. [VI. 41.]

The Government are not prepared to accept the recommendation.

- (6) *Lands outside municipal limits to be exempt.*—(i) This Conference recommends that section 92 (1) of the District Municipalities Act (V of 1920) may be amended by deleting the words 'inside the municipal limits' occurring after the words 'houses and lands'. [VI. 42.]

- (ii) This Conference resolves that the provisions of Act V of 1920 relating to the imposition of profession tax be so amended as to exclude from their operation the incomes derived from lands and houses outside the municipal limits. [Va. 44.]

- (10) This Conference recommends that in the levy of profession tax the income from lands within British India should not be taken into account. [Tu. 29.]

Necessary amendments have been included in the Bill to amend the Madras District Municipalities Act, 1920.

- (7) *House in which owners live to be classed as houses not ordinarily let*.—Examiner's interpretation considered.—This Conference protests against the interpretation of the Examiner of Local Fund Accounts that the houses in which the owners live are to be classed as houses not ordinarily let under section 85 of the District Municipalities Act. [Vi. 45.]

The Examiner has since issued another Circular No. L.P. 13-105-4445, dated 25th October 1923, making it clear that municipal councils have the discretion to assess houses not ordinarily let on the basis of annual income where it can be estimated.

- (8) *Persons holding appointments public or private or in receipt of pensions or income from investments to be made liable to profession tax*.—That this Conference requests the Ministry of Local Self-Government Department to get section 91, sub-section (1) amended so as to make liable to profession tax persons holding appointments public or private or in receipt of pensions or income from investments. [By. 24.]

The question will be considered.

- (9) *Levy of octroi and terminal tax on goods*.—This Conference is opposed to the introduction of legislation enabling local bodies to levy octroi and terminal taxes on goods. [Mg. 43.]

No such legislation is at present under the consideration of the Government.

- (10) *No stamps to be affixed to petitions presented to Municipal Councils*.—This Conference resolves that Government be requested to amend the Court Fees Act so that no stamps need be affixed to petitions and applications presented to Municipal Councils. [Mg. 47.]

The Government see no reason to accept the proposal.

- (11) *Madras District Municipalities Act to be amended—To lay down a graduated scale equitably on tax-payers*.—This Conference urges that the District Municipalities Act be so amended as to lay down a graduated scale which would work equitably on the tax-payers. [Mg. 48.]

The question is under consideration in connection with the amendment of the Act.

- (12) *Contributions—Government sanction to be dispensed with*.—(a) This Conference is of opinion that rule 4 of Schedule V of the Local Boards Act, 1920, should be so amended as to empower local boards to make without the sanction of Government any contributions up to the limits specified below within one year:—

Union Boards, Rs. 100.  
Taluk Boards, Rs. 250.  
District Boards, Rs. 1,000.

- (b) This Conference is of opinion that rule 53 of Schedule 4 of Madras Act V of 1920 should be amended so to empower the Municipal Council to incur expenditure without the sanction of Government up to a limit of Rs. 250. [Va. 25.]

The Government do not at present see sufficient reasons to accept the recommendations.

- (13) *Land cess—Taluk Board share to be revised*.—Resolved that regard being had to financial stringency of Taluk Boards, the Government may be pleased to proceed with the amendment of the Local Boards Act of 1920 with regard to Taluk Board share of land-cess proposed in G.O. No. 1248, L. & M., dated 5th August 1923. [Va. 26.]

The question is under the consideration of the Government.

- (14) *Land Revenue—Union also to be exempt from taxation.*—This Conference resolves that lands within the areas used as, or required for, dwelling and public purposes shall be exempt from payment of land revenue to Government. [Va. 27.]

The resolution is under consideration.

- (15) *Land Revenue share to be given to local bodies.*—This Conference resolves to reiterate its former resolution that with a view to increase the resources of local bodies and to enable them to carry out every necessary and urgent reforms in local administration the local Government be requested to give a definite share of land revenue to local boards. [Va. 28.]

The Government have agreed to transfer to Municipal Councils with effect from 1st April 1923 the excess of the ground rent in municipal areas over the agricultural assessment. They are not prepared to go further at present.

- (16) *Tax on unoccupied and ground rent to be abolished in municipal areas.*—The Conference now reiterates its resolution adopted at the last Conference that the levy of tax on unoccupied land and ground rent on lands within municipal areas shall be abolished. [Va. 28.]

The Government are not prepared to accept the suggestion.

- (17) *Land unoccupied—Government land to be made over to Municipal Councils.*—The Conference resolves that the ownership and power of disposal of all unoccupied Government land in municipal areas not required for Government purposes should rest in municipalities. [Va. 30.]

The Government are not prepared to accept the suggestion—G.O. No. 1900, L. & M., dated 30th September 1922.

- (18) *Investment in Co-operative Banks.*—This Conference resolves that the Inspector of Local Boards and Municipalities be empowered by Government to allow local bodies to invest their surplus funds above Rs. 5,000 in Central Urban District Co-operative Banks up to three years instead of one year to at present. [Va. 32.]

This resolution has been accepted—vide G.O. No. 1943, L. & M., dated 4th May 1923.

- (19) *Grants—Adjustment.*—This Conference resolves that in respect of works or services for which Government have undertaken to pay a grant all local bodies should be authorized on the certificate of the Chairman or the President of the Local Body concerned that work or expenditure up to a certain value or amount has been done or incurred to draw from the Treasury at monthly or periodical instalments portions of the grant promised up to 75 per cent, the balance of 25 per cent being payable only after final inspection by a competent authority. [Va. 35.]

Orders have been passed in G.O. No. 2631, L. & M., dated 22nd November 1922.

- (20) *Profession tax—Income under Rs. 30 per annum—To be exempt.*—This Conference resolves that all those earning under item 2 in class 10 of rule 17 of Schedule II (viz., those in receipts of income of less than Rs. 30 per month) of District Municipalities Act of 1922 be exempted from assessment to profession tax. [Va. 36.]

In the Bill to amend the Madras District Municipalities Act, 1922, the scales of profession tax have been regraded and power given to Councils to exempt any one or more of the classes from liability to profession tax.

- (21) *Exemption of municipal employees from taxation.*—This Conference resolves that section 117 of Act V of 1920 be so amended as to constitute the Municipal Councils as the final authority to grant exceptions to their own subordinates from the payments of taxes or tolls for the conveyance used by them for discharge of municipal duties. [Va. 36.]

The Government are not in favour of the recommendation.

- (22) *Licence on Kiosk.*—This Conference resolves that the local bodies be permitted to levy a licence fee on the consumption of spirituous and intoxicating liquors within their respective areas. [Va. 37.]

The Government are not prepared to accept the recommendation.

- (23) *Income-tax surcharge*.—This Conference requests that in view of the fact that the tax resources of Municipal Councils require considerable augmentation, the Government will be pleased to obtain from the Government of India a general sanction on behalf of all municipalities for the levy of surcharge on the income tax provided under section 114 of the Madras District Municipalities Act, 1920. [Vt. 42.]

The Government are not prepared to move as proposed.

- (24) *Tree license to be collected by Government and credited to local bodies*.—In view of the fact that a large number of fruit-bearing trees on beds and banks of tanks, ponds and alongside village streets, cart-tracks, battaparamboles, etc., will be licensed by the Taluk Board, and that it is not possible for Taluk boards to collect tree license fees from the tree-planters direct, the Revenue Department should be authorized to collect such fees and credit them to the accounts of the respective boards. [Vt. 43.]

The Government have issued instructions to G.O. No. 478, L. & M., dated 22nd February 1923 and No. 1157, L. & M., dated 22nd May 1923, published on pages 116 and 251, respectively, of Part I-A of the *Port St. George Gazette*, dated 17th February and 26th May 1923.

- (25) *Company tax*.—*Compromiser to be given a right of appeal*.—This Conference expresses that it is necessary to amend rule 16 in Schedule IV of the District Municipalities Act so as to give a company a right of appeal to the Council in regard to the levy of company tax. [Mg. 51.]

Necessary amendments have been included in the Bill to amend the Madras District Municipalities Act, 1920.

- (26) *District Government Audit*.—This Conference in reiterating its resolution No. 24 passed in its session held at Colombo adheres to the opinion that the present audit of the accounts of local bodies is not satisfactory and that a District Government Audit should be organized under the control of the Kammer of Local Fund Accounts and provided made for the pre-auditing of bills in the District Board Engineer's office as is done in the Department of Public Works Engineer's office. [Mg. 52.]

Orders have been issued in G.O. No. 1916, Finance, dated 27th November 1922, on the question of Audit. The Government do not consider that the pre-auditing of bills in the District Board Engineer's office is practicable.

- (27) *Compensation grants*.—(a) This Conference recommends to the Government that the five lakhs compensation grant to poorer local bodies be continued until all the recommendations of the Financial Relations Committee see great effect regarding grants to roads, medical institutions and schools.

- (b) This Conference also desires to bring to the notice of the Government that the financial position of the local bodies in this group of districts has been seriously crippled by the discontinuation of the compensation grant and that even after availing themselves of the full powers of the additional tax they presumably the local bodies are not in a position to run their services satisfactorily until the Government resumes the compensation grant as heretofore. [Mg. 53.]

In 1922-23 a compensation grant of five lakhs was distributed to tank boards (G.O. No. 1178, L. & M., dated 28th June 1922). In 1923-24 compensation grants have been given to some district and taluk boards to wipe off their debts.

- (28) *Grants-in-aid from Government*.—That local bodies which have account with the Government Treasury should be permitted to overdraw their account to the extent of the estimated (and recd. for the year end of the educational, medical and sewerage grants) and in the case of municipalities to overdraw to the extent of two-thirds of the estimated receipts according to the budget of the year. [Mg. 54.]

Under G.O. No. 234, L. & M., dated 4th November 1923, assistance in payment is made of head-rows and other revenues collected by Government on behalf of local boards. The question of making similar advances in respect of grants for educational and medical purposes is under consideration.

- (29) *Arrears—restriction is writing off—is to be removed.*—This Conference requests that section 113 of the District Municipalities Act be so amended as to make it clear that power to write off all items of irrecoverable revenue is conferred on municipal councils. [Va. 14.]

In the Bill to amend the Madras District Municipalities Act, 1922, provision is made for empowering councils to write off dues other than taxes or tolls, but the Government consider that their sanction should be retained as a safeguard.

- (30) *Appropriation of earmarked funds for ordinary expenditure.*—(i) That this Conference is of opinion that G.O. No. 1018, L. & M., dated 9th June 1922, prohibiting the appropriation of the earmarked funds for ordinary expenditure without the previous sanction of Governor in Council is in the present state of municipal finances and owing to the adoption by the Government of the principle of postpayment of grants and subsidies and to the rigid provisions of surcharge is a source of great hardship. This Conference therefore recommends that it should be so modified as to enable municipal councils to make temporary appropriations from all funds on condition that they are reappropriated before the close of the official year. [Va. 17.]

- (31) Municipal councils should have power to utilize temporarily earmarked funds for other purposes if the same be adjustable before the close of the official year or if this cannot be permitted the grant for trunk roads and for elementary education be adjusted in advances subject to post audit. [VL 15.]

The matter is under consideration.

With the monthly adjustment of land cess, etc., and Provincial grants the necessity for provision of earmarked funds should however become very rare.

- (32) *Surcharge rules to be altered.*—(i) That the provisions relating to audit, surcharge and disallowances contained in rules 54 to 62 of Schedule IV of the District Municipalities Act are unnecessarily rigid and humiliating and should be amended so as to permit only acts done in bad faith and without due care and caution and not acts done in good faith and in the interest of the administration and of the public and without wilful or deliberate neglect. [Va. 16.]

- (ii) This Conference is strongly of opinion that the provision of the District Municipalities Act empowering Auditors to surcharge should be amended in the following manner:—

- (1) That the surcharge should be made by the Government after giving an opportunity for explanation to the person concerned and not to the Auditor.
- (2) That the provision relating to appeals to Government and the payment of the sum in dispute be repealed.
- (3) That in case of a decision by the Government against the person concerned he shall have right of suit to the Principal Civil Court of original jurisdiction to set aside the decision of Government within one month from the date on which he had received or been served with the decision of the Government. [Th. 23.]

The Government are not prepared to accept these recommendations.

- (33) *Provincial grants—Periodical payment.*—(i) This conference recommends that where Provincial grants are due for works or services they should be paid in monthly or periodical instalments on the following system:—

- (a) At the end of each month or other period the President of the local board or the chairman of the municipal council concerned should submit to the District Treasury Officer an application for adjustment of the amount due on the basis of the expenditure incurred in the year up to the end of that month or period supported by a certificate of the President or Chairman as to the value of work done. Instalments of grants should be paid up to 75 per cent thereof, the remaining 25 per cent being payable after final inspection of the inspecting officer, if any.

- (4) That the grant under section 37 of the Elementary Education Act equivalent to the proceeds of the Education tax should be paid in the year, during which the tax is levied on an estimate of the probable receipts therefrom in that year any difference between such estimate and the actuals when ascertained being adjusted in the grant of the following year. [VI. 14.]

Orders have issued in G.O. No. 2436, L. & M., dated 23rd November 1933.

- (5) This Conference is of opinion that the Government should be requested to raise by 50 per cent the present scale of Provincial subsidy in cases where full grants are not slowly given. [VI. 15.]

The Government cannot accept the recommendation.

- (83) *New-tax Revenue*—(1) *Motor Vehicles Act and Rules to be amended*—*administration of Act to be entrusted to Presidents of district boards and chairmen of municipal councils*.—This Conference urges the desirability of amending the Indian Motor Vehicles Act and the rules framed thereunder so as to entrust the administration of the Act to the president, district board and the chairman, municipal council, in their respective areas. [Ng. 35.]

This resolution cannot be accepted.

- (34) *Financing Railway construction*—*local bodies to combine to raise loans*.—

- (i) This Conference is of opinion that district boards should combine for the purpose of raising the necessary funds by means of loans for financing schemes of railway construction. [Ng. 40.]

- (ii) This Conference requests the Government to constitute a separate local loans fund for the province. [Va. 31.]

The Government have under consideration a proposal for the formation of a joint loans fund for all local bodies in the Presidency.

- (35) *Licensing of private cart-stands*.—This Conference expresses its opinion that sections 155 and 157 of the Local Boards Act should be so amended as to permit boards to license private cart-stands though not lawfully established before the commencement of the Act and new private cart-stands. [Ng. 41.]

The proposal cannot be accepted.

- (36) *Perambolas and vacant sites in municipalities and unions to be vested in municipal councils and union boards*.—This Conference urges that all perambolas and vacant sites in municipal areas belonging to Government should be vested in municipal councils and they may be exploited to the best advantage of the municipalities and that the same should be done in the case of union boards as well. [Ng. 42.]

The Government are not prepared to transfer to municipal councils vacant Government land unless the exploitation of such land forms part of an approved town-planning scheme under the Madras Town-Planning Act—vide G.O. No. 1809, L. & M., dated 30th September 1933.

- (37) *Fee and rents—private markets*—*to be defined*.—Section 171, clause 3 of the Madras Local Boards Act, speaks of 'Fees and rents' in the case of private markets. This Conference requests Government to clearly define the two words 'Fees and rents'. [VI. 36.]

This will be considered in connexion with the amendment of the Madras Local Boards Act, 1920.

- (38) *Investigation of possibilities of developing income from reconstructive enterprises*.—This Conference recommends that every local body should make a systematic investigation of the possibilities of developing income from reconstructive enterprises such as markets, cart-stands, slaughter-houses and tree-planting. [VI. 37.]

No orders of Government are required.

- (39) *Transport services*—*pamphlet to be issued*.—This Conference requests Government to issue an exhaustive pamphlet on motor bus service and light

railways as remunerative enterprises for local boards and street tramways in municipalities. [Va. 35.]

The subject of light-railways is under consideration. Information in regard to motor bus service can be obtained from leading motor engineers. A pamphlet on street tramways does not seem necessary.

- (43) *Markets—Private—in Municipalities to be controlled.*—This Conference is of opinion that the provisions regarding private markets of the District Municipalities Act be amended on the lines of the principles embodied in the Local Boards Act of 1920 so as to ensure effective control over them in the interests of public health and sanitation. [Va. 33.]

Necessary provisions have been included in the Bill to amend the Madras District Municipalities Act, 1920.

- (44) *Cattle slaughter.*—That G.O. No. 1564, L. & M., dated 4th September 1922, declaring illegal all resolutions and by-laws prohibiting the slaughter of cows and cattle within municipal limits be cancelled. [Va. 12.]

The Government are in reason to cancel the order.

- (45) *Licenses—Municipalities to be barred from licensing outside their jurisdiction.*—This Conference requests Government to delete from section 249 of the Madras District Municipalities Act the provisions relating to the power of Municipal Councils to grant licenses for offensive and dangerous trades carried on within three miles of municipal limits. [Va. 16.]

Necessary provisions have been included in the amending Bills.

- (46) *Cattle stands and thrashing floors—do to be provided by Government.*—*Cattle stands.*—This Conference requests Government to render help for erecting sites in rural areas for cattle stands and thrashing floors. [Va. 42.]

The situation of local bodies is invited to G.O. No. 5024, Revenue, dated 24th August 1915, placed on Editors' Table.

#### MISCELLANEOUS.

- (44) *Town-Planning—Making of a scheme—Act to be amended.*—This Conference is of opinion that the provisions of sections 9 to 14 of the Town Planning Act create a cumbersome procedure leading to cause unnecessary delay in the carrying out of a town-planning scheme and recommends the adoption of a simple procedure

- (a) By adding the words 'with a draft scheme as hereunder' after the words 'The resolution under section 9' in section 10 of the Act.
- (b) By the omission of section 11 of the Act.
- (c) By the omission of section 14, clauses (1) and (4).
- (d) By the omission of the words 'section or' in section 14, clause (3).
- (e) By the substitution of section 14, clause (5), by the words 'A scheme when sanctioned by the Municipal Council and not disallowed by the Local Government within two months from the date of the notification of the Council and under section 10 of the Act shall have effect as if it were enacted in the Act.'
- (f) By suitable modification of sections 18 and 31 of the Act. [By. 28.]

The Government do not consider that any amendment is called for.

- (45) *Propaganda work—Coral Districts—Finance, Constitution, Education and Public Health.*—(1) This Conference resolves to impress on the several local boards in the group the need for the propaganda work through local board members and honorary workers wherever available in the fields of finance, constitution, education and public health with a view to create and foster deeper and wider civic consciousness on the part of the people.

- (2) That this Conference also resolves to suggest to the Government the desirability of contributing at least a moiety of the expense which a local board incurs in this direction. [By. 32.]

(1) It is for the local bodies to take the necessary action.

(2) The Government are not prepared to accept the recommendation.

- (16) *Rules to be approved by the Legislative Council.*—That inasmuch as in several instances the rule-making power of the Government has been exercised to the disadvantage of the local bodies powers that they had possessed even under the Act of 1884 and as the representations made by the local bodies protesting against these rules have not been of much efficacy, this conference considers it necessary that all rules promulgated by the Governor in Council should be laid on the table of the Legislative Council and the same should not be brought into force unless the Legislative Council by resolution approves the draft rules with or without modification or additions. [Y. 8.]

The Government are not prepared to accept the suggestion.

- (47) *Plans and estimates prepared by Local Fund Engineering staff is accepted by Sanitary Engineer.*—That in the opinion of the conference the Sanitary Engineer should accept plans and estimates prepared by the Local Fund Engineering staff getting the defects alone rectified without insisting upon the same being prepared by the Public Works Department. (70, 18.)

The Government are not prepared to accept the recommendation.

#### ACQUISITION OF LAND.

Not in. George, June 3, 1936.

No. 896.—Whereas it appears to be considered that the land mentioned below, situated in the Nish-Anahimash Indian village, Anahimash Indian Reservation, District of Columbia, is wanted for a public purpose, to wit, for erecting a bridge, and that such land is hereby given to sit where it may remain, in accordance with the provisions of subsection (1) of section 6 of the Land Acquisition Act of 1904, as amended by the United States Acquisition Amendment Act XXVIII of July 1, 1907; Therefore, the Government hereby conveys unto the Nish-Collektion, Sumner, and his heirs and assigns forever the portion thereof located by sections 6 (2) of the Act and under section 2 of the Act entitled the Nish-Collektion, Secondarily, to perform the functions of the Collector under section 3A of the Act.

Tirunelveli District Board Office,  
22nd May 1924.

B. O. TEGANARAYANA PAKKA,  
President in charge under section 10 (2).

Under section 8 (3) of Act V of 1919 Jacob Ahmed Tharthy Merchayyar Mohammed Marikayyar s.a., has been duly elected as councillor for ward No. 22 of the Nagapattinam municipality in the manner required by the decree of the Hon'ble Khos Bahadur Sir Ahmed Tharthy Muzumdar, Esq. Nagapattinam Municipal Office,  
22nd May 1924.

Under section 8 (2) of Act V of 1919 and rule 7 (1) of the rules for the election of electors of Municipal Councils in Municipalities, M.R.Dy. V. F. Panthirumani Pillai Ayyangar has been duly elected as councillor for ward No. 8 of Nagapattinam Municipality in the manner required by the decree of M.R.Dy. S. Manappuram Pillai Ayyangar.

Nagapattinam Municipal Office,  
22th May 1924.

J. M. O. SHAIK FAHID MARAYKAT,  
President in charge under section 12 (4).

No. 187.—IN THE MATTER OF THE CHARITABLE ENDOWMENTS ACT, 1890, AND OF THE MATTER OF THE ORISSA SCHOOLS DEPARTMENT AND ORISSA PRIZE ENDOWMENT FUND AT CHATRAPUR.

It is hereby notified that the Government of Madras, in exercise of the powers conferred by section 5 of the Charitable Endowments Act, 1890, have set off the schools set forth in the Schedule hereto for the administration of the aforesaid prize money vested in the Treasurer of Charitable Endowments by Notification No. 162, dated 26th day of May 1924, and that such schools shall come into operation on the 16th day of June 1924.

The schools above referred to.

1. The said fund shall be administered by the District Board of Ganjam and M.R.O., Raj Bahadur T. Venukshankaraya Patilaka Gura.

2. Out of this fund securities yielding an annual interest of Rs. 400 shall be set apart as a scholarship fund to be called the Orissa Scholarship Fund and the interest thereon shall be utilized for the award of scholarships to poor and deserving students of the following description in the Orissa High School at Chatrapur:—

(a) One Teluga boy and one Oriya boy in each of the forms IV, V and VI to get Rs. 5 per mensem each.

(b) One Teluga boy and one Odia boy in each of the forms I, II and III to get Rs. 3 per mensem each.

3. The students eligible for scholarships shall be selected by a Committee consisting of the President for the time being of the District Board, Ganjam, the President for the time being of the District Board, Chatrapur, and the President for the time being of the District Board, Orissa, and M.R.O., Raj Bahadur T. Venukshankaraya Patilaka Gura during his absence and his nominee after his death. The said M.R.O., Raj Bahadur T. Venukshankaraya Patilaka Gura and his nominee shall have two votes.

4. No student who is already in receipt of a scholarship shall be entitled to get the benefit of this scholarship.

5. Out of the balance of the Endowment Fund after providing for the said scholarships, securities yielding an annual interest of Rs. 100 shall be set apart as a prize fund to be called 'The Orissa Prize Fund' and the interest thereon shall be utilized in awarding prizes to be distributed annually among meritorious students in the said high school to be selected as aforesaid.

6. Should at any time in future the High or Middle School Department of the Orissa High School at Chatrapur cease to exist, the scholarship and prize shall be awarded to the Teluga and Oriya students in a high or middle school nearest to Chatrapur.

7. The balance of the Endowment Fund after providing for the scholarships and prizes shall be utilized by the Ganjam District Board at their discretion to any object connected with the said High School at Chatrapur. The Board's resolution in this regard shall be passed by a majority of at least three-fourths of the members at a meeting and shall be confirmed at another meeting held three months after the first meeting by a like majority.

8. Any interest that may not be required for the award of the scholarships or prizes shall be accumulated and added to the corpus of the respective funds as a stock accumulation until from time to time be invested in the securities of the Government of India.

# ERRATUM.

Fort St. George, May 26, 1924 [G.O. S. No. 443, *Law (Education)*].

In notification No. 105, dated the 25th April 1924, relating to the constitution of the District Educational Council, Ganjam, published at page 452 of Fort St. George Gazette, dated the 25th May 1924—

\* Under orders of Government, the Special Funds Code has been omitted from the list of subjects for the examinations to be held in June and December 1904.

1. Candidates in all the subjects must bring with them for use in the examination their own pens and pencils.

2. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and soles and uppers are worn clean.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement for the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(8) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the examination resumed in the usual manner.

(9) Any candidate who does not behave properly towards the Chief and Assistant Superintendents, or who is detected as having had recourse to malversation of any kind is liable to have his examination terminated and also to be declared from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think proper, if the Commissioner is not satisfied for any reason whatever as to the soundness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(10) No candidate will, on any account, be allowed to take into the examination room slates, books, manuscripts or papers of any kind. (The use of books will, however, be allowed in answering the papers in the Account, Civil Judicial, Criminal Judicial, Revenue and Jail Tests.) Any one detected in the violation of this rule, or having recourse to any unfair practice, will be removed from the room, and the examination resumed to the Commissioner.

(11) No candidate will be allowed to give books to or take books from another candidate during the hours of examination.

(12) Candidates whose names are not in the printed list furnished to the Superintendent must submit a written declaration through the Superintendent, giving full particulars in regard to themselves and furnished such evidence as may be possible of their having applied for admission to the examination at the place fixed and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the answer of these names is due to no fault of theirs.

(13) Candidates desiring to change their line of examination without previous permission, or appearing at any more other than the one at which they ought to have appeared according to the notice published in the profile, must not expect to have their papers valued or their marks published in all cases where permission has been granted, the Superintendent or Officer permitting the change should be provided for the satisfaction of the Superintendent.

(14) Candidates may here to write their answers on both sides of the paper supplied to them and they will receive the answer questioners at this point in the examination hall from the Chief Superintendent of the examination.

(15) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pause the same course, but will on no account leave his place.

(16) Any papers sent up without the candidate's name and number affixed will not be valued.

(17) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(18) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All spent copies, etc., should be left on the desk where the candidate has been writing.

# I. NOTES RESPECTING THE USE OF BOOKS IN THE EXAMINATION ROOM.

## Account, Jail and Revenue Tests and Civil and Criminal Judicial Tests.

Candidates should bring their own books with them for the purpose of answering the question papers in the tests in the case of which the use of books is allowed. No candidate will be allowed to give books to or take books from another candidate during the hours of examination.

The use of books will be allowed in answering the papers in the Account Test, the Civil Judicial Test, the Criminal Judicial Test, the Revenue Test and the Jail Test as mentioned in the timetable.

In the case of the Revenue Test, the following books, as issued by the Superintendent, Government Press, may be used by candidates in the examination hall:—

- |                                  |                             |
|----------------------------------|-----------------------------|
| (1) Board's Standing Orders,     | (4) Budget Manual,          |
| (2) Revenue Regulations and Act, | (5) Forms Revenue and       |
| (3) Village and Town Manuals,    | (6) District Office Manual. |

Candidates will be allowed to use the Board's Standing Orders in answering the paper on the Manuals of Village and Town Accounts and also on.

In the case of the Civil Judicial Test and the Criminal Judicial Test, the books used are necessarily the Government publications.

The use of a publication containing an index will not be objected to.

In answering the paper on Medical Jurisprudence (Criminal Judicial Test) candidates will be expected to use Gribble and Reina's "Outline of Medical Jurisprudence for India," 2nd edition.

Notes.—(1) The use of books containing commentaries will not be permitted, but notes made by candidates in their books will not be objected to, if they consist merely of corrections, amendments or generally any other notes made for the purpose of facilitating study.

(2) The use of galleys, figures, commencing, illustrations, etc., will not be allowed.

## II. NOTES TO HIGHER CANDIDATES.

Candidates who have applied to be examined at Madras are informed that they will have to sit for the examination at the Comm. House, Chapeau. A copy of the removal list will be posted at the entrance to the Comm. House on Friday the 10th June 1884 and the candidates are expected to leave their regular dwellings from this last. No bell-books will be issued.

(By order)

Officer of the Census, for Govt. Examinations,  
Madras, 10th May 1884.

D. A. ROSEDAY,  
Secretary.

## SECONDARY SCHOOL-LEAVING CERTIFICATE.

## PERSIA EXAMINATIONS, 1929.

## Classical, Foreign and Vernacular Languages.

Text-books of which a detailed knowledge will be required—

(A) Groups A and C: Latin, French, Arabic and Persian.

Group C only: Urdu (Dialectal) and Gorya.

No selection in these languages and groups will be printed in separate book form, but will be reserved as printed in existing books as specified below—

(a) Groups A and C: Persian, Tamil, Telugu, Malayalam and Kannara.

Group A only: Urdu (Hindustani) and Gorya.

Copies of the text-book containing the selections in these languages and groups can be had from Messrs. Houghton, Esq., 10, Mount Road, Madras.

Note—In the case of Sanskrit, Tamil, Telugu, Malayalam and Kannara, the selections for the A and C Groups have been printed in separate books, Parts I and II respectively. Part I designates the selections for Group A and has to be covered by candidates bringing up Vernacular Composition and Translation under Group A, as also by those bringing up the same language under Group C. Part II contains the selections for Group C.

(B) The following text-books have been prescribed—

\* Here passed with honours.

Trichinopoly, 20th May 1924.

R. SITA RAU,  
Inspector/Govt.

## PROSPECTUS OF THE GOVERNMENT SCHOOL OF COMMERCE, CALCUTTA.

[SCHOOL HOURS—7-12 TO 10-45 A.M. AND 2-30 TO 5-30 A.M.; ADMISSIONS—EVERY SATURDAY.]

The school commences on the 11th June 1924 after the summer recess.

**Admissions.**—Admissions are open only to such as have at least been students of the V Free for a full year in a recognized high school. This is generally the minimum general education qualification necessary for admission into the school. A fair knowledge of English, at least such as that ordinarily possessed by a qualified B.S.L.O. holder, is necessary to undergo the course with profit. The highest the general education qualification, of course the greater will be the benefit derived from the training given in the school, and the capacity to utilize this training in afterwards. Admission into the Typewriting class will be given on examination terms. Those that do not get admission at once will get it later on before they complete their full course in the school.

**School Fee.**—Three rupees per subject per term, except for Typewriting, payable in three equal instalments in the months of January, February and March, and again in the months of June, July and August. The fee for Typewriting is Rs. 12 per term also payable similarly. The same rate of fee is charged for each of the grades.

**Subjects and Classes.**—In the English Department, instruction is given in the following six commercial subjects, and students are prepared for the Government Technical Examinations in the Lower and Higher grades in such:—

- |  |                               |
|--|-------------------------------|
| (i) Book-keeping.  | (iv) Commercial Geography.    |
| (ii) Theory and Practice of Commerce as Commercial Law and Practice. | (v) Book-keeping (Practical). |
| (iii) Banking and Political Economy.                                 | (vi) Typewriting.             |

Each of the grades is a subject generally taken a year.

**Fee-charges.**—The time table is so arranged as to enable a beginner to study almost all the subjects taught in the school in one and the same year.

**Students of the Typewriting class** are divided into batches, each batch practicing for one hour every school day. This class is held from 7-12 to 10-45 a.m. and from 2-30 to 5-30 p.m. The other classes are held from 7-12 to 10-45 a.m. and from 2-30 to 5-30 p.m. All the classes are held in the morning and evening hours, to afford facilities specially to young men studying in day schools or employed in offices.

**School year and Session.**—The course begins every year in January and ends on 31st November. The first term is from January to March and the second term is from June to November. The Government Technical Examinations in all the subjects under Commerce are held towards the end of November every year, and the school closes immediately for the Christmas vacation and re-opens early in January. The examinations in Book-keeping and Typewriting are held in April also, immediately after which the old summer session begins. The school will re-open almost the middle of June after midsummer recess. Those that wish to begin the study of commercial subjects the middle of June the school will, therefore, be admitted only in January every year; and such students must join only in January, at least before the 15th. Admissions may also be made in June for a week after the re-opening of the school in the case of those who might already possess a knowledge of the subjects as to enable them to join probably the classes then at work.

**As a special case** (i.e. year beginners that seek admission in June will be admitted up for the Lower grade examinations of November 1924, in all subjects except Book-keeping and Typewriting and those that join the Book-keeping and Typewriting classes will be prepared for the Lower grade examinations of April 1925.

Government School of Commerce, Calcutta,  
1st May 1924.

L. T. ANANTHAKRISHNA SASTRI,  
Rector.

## GOVERNMENT COLLEGE, MANGALORE.

The College provides instruction in all the three groups of the Intermediate course of the Madras University. The number of seats in groups I and II combined is fixed at 60. In group III the following combinations only are allowed:—

- (i) English, Ancient History and Modern History;  
(ii) Logic, Ancient History and Sanskrit as Sanskrit at Mangalore.

2. Applicants for admission into the Junior Intermediate class should be parties to an appeal after the results of the public examination (Secondary School-Leaving Certificate) are known. With his application for admission a student should submit (i) the parchment rolled up in rolls A and B and (ii) his Secondary School-Leaving Certificate or a certified extract therefrom. An applicant who has any other certificate should state the class of the certificate and the subject in which it certifies. Applications accompanied by these documents will not be registered.

For admission into the Government College, Mangalore, a student must previously show high proficiency in English and in at least two of the subjects in the groups A and B previously referred to.

NOTE.—Applications by candidates who do not possess the standard qualifications prescribed and those received after the due date will, as an exception be considered on all any recommendation in the case of the applicant. No notice will be taken of applications defective as regards the required documents and students who have previously been dismissed from the Medical Schools are ineligible for admission.

## SELECTION OF CANDIDATES FOR ADMISSION TO THE INDIAN MEDICAL DEPARTMENT, 140-B-ASSISTANT SURGEON BRANCH (INDIAN MILITARY PUPILS), JULY 1924.

It is hereby notified that the candidates will be received for admission to the Indian Medical Department, 140-B-ASSISTANT SURGEON BRANCH. (This number is provisional.)

Candidates must not be below 16 nor above 28 years of age on date of admission to the Medical School, i.e., on the 1st July 1924 and they must forward along with their applications a certificate in original to the Director signed by Europeans or Indians of respectable position, occupying

school-leaving certificate, and certificates of age, vaccination, personal marks and physical fitness signed by a Registered Medical Practitioner as defined in section 2 of the Indian Medical Regulation Act 1924.

When applying, recommended by the Medical Officer under whom they are serving, they apply for the Indian Military Pupil Class under the same conditions except in their case the maximum age limit is extended to 35 years. Admission is equally open to the sons both of soldiers and of persons engaged in civil occupations, but not of those being equal, preference will be given to the sons of Indian constabulary and non-commissioned officers and soldiers.

Candidates of all nationalities are eligible for admission to this department provided they hold a completed secondary school-leaving certificate and have obtained the necessary average in the following subjects and also a satisfactory record in

- Group (a)—English and Elementary Mathematics.  
Group (b)—Science.

Preference will be given to candidates who have taken up one of the following subjects in Group (b)—Chemistry, Physics, Physiology, Mathematics. (1) Practical Mathematics, (2) Algebra and Geometry.

Applications for admission made on its manuscript in the form prescribed below and accompanied by the documents mentioned must be sent to Principal Assistant to the Surgeon-General with the Government of Madras, No. 81, Mount Road, Cathedral Post, Madras, on or before the 30th June 1924. Each application must be accompanied by "Application for admission to the cadetship of Indian Military Pupils."

Holders of completed Secondary School Leaving Certificate should forward their certificate along with their application. In the case of candidates who will complete their Secondary School-Leaving Certificate during the course of the current year, they should forward with their application (1) a confirm certificate obtained from the head of their school which should specify by name and address from their Secondary School-Leaving Certificate and (2) an extract certified by the head of the school showing the marks obtained in the last two terminal examinations. The original Secondary School-Leaving Certificate should be forwarded on or before the 30th June 1924 pending receipt of which selection will not be made.

The Surgeon-General will appoint a Selection Board to examine the applications, select candidates and pass them to the Medical School, Bangalore.

The names of successful candidates will be duly notified in Part I.B of the *Fort St. George Gazette*, and they will be required to join the Medical School, Bangalore, when the school reopens in July 1924.

Selected candidates should, before proceeding to Madras to join the Bangalore Medical School, apply to the Superintendent in time for a passport warrant. Candidates who fail to do so will travel at their own expense.

The candidates selected will be designated "Indian Military Pupils." An selected candidate will be assigned to the Medical School, unless his parents, guardian or friend who is a resident in British India and is capable of fulfilling the conditions as under a security bond on his behalf induce admission, undertaking to refund to the State the cost of pupil's education at the latter request on completion of the course to accept service in the Indian Medical Department, and to sign the required declaration or if he before completion of the course, leaves the school without permission or is expelled therefrom, his consent or refusal to join the Medical School, Bangalore, in which he will be posted for training. Selected candidates will be enrolled under the Indian Army Act and the training officer for the purpose of the Act will be the Superintendent, Medical School, Bangalore.

Indian Military pupils will undergo a scholastic training for four years. During the course of study, they will be allowed free quarters (if available), clothing, books and appliances for study, and be supplied at the rate of Rs. 15 a month.

If attending, they qualify, receive the necessary declaration and immediately join for duty, they will then be admitted to the service of assigned as Civil Surgeon's Assistant Surgeons from date of commencement of final examination and posted to a Military Hospital for duty. They will also be posted in another unit upon duty.

Military School-leaving Pupils will not begin their diploma until the close of their service. An Indian Military Pupil who improves his work to standard his studies or who fails to pass the prescribed examination or who misconduct himself will be removed and all privileges to which he would otherwise have been entitled, will altogether be withdrawn. A student, who after finishing his course, declines to sign the declaration will be considered treated.

#### Form of application for admission to the cadetship of Indian Military Pupils.

1. Candidate's name in full.
2. Father's name.
3. Caste and religion of candidate.
4. Present age of candidate } as per B.S.L.C.
5. Date of birth
6. Mother tongue of the candidate.
7. Present residence.
8. Address in full.
9. Whether an orphan has attended all the documents required—  
(i) Certificate of age.  
(ii) Certificate of physical fitness, age, vaccination and personal marks signed by a Registered Medical Practitioner.
- (iii) Secondary School-Leaving Certificate.

Not—Applications from candidates above the prescribed ages as well as from those who do not possess the standard qualifications prescribed and those received after the due date will not be considered. An application is not necessary in the matter as required. No return will be taken of applications for exemption from the age limit and of those which are defective as regards the required documents. Students who have previously been dismissed from the Medical School are ineligible for admission.

Madras, 10 May 1924.

(By order)

P. F. MATHIAS,

Principal declared to the Examiners-General.

Madras, 2nd May 1924.

## HIS HIGHNESS THE MAHARAJA'S COLLEGE, TRIVANDRUM.

[In addition to the notification published on page 417, Education Department, of the Government of Madras, dated 26th May 1924, and on pages 427 and 428, Part I-B, of the Port St. George Gazette, dated 26th May 1924.]

1. His Highness the Maharaja's College of Science will re-open after the long vacation on Monday, the 26th June 1924/13th Chittirana 2515.

2. Students seeking admission to the Junior Intermediate class of this college should send in their applications immediately after (not before) they have received their English School Leaving Certificate. Only holders of certificates which entitle them to be eligible for admission need apply.

Applicants accompanied by original School Leaving Certificate or at least complete copies of the same have to come with their parents.

Provision is made for instruction in the following groups of optional subjects—

Mathematics, Physics and Chemistry.

Physics, Chemistry and Natural Science.

3. Students will be selected for admission to the Junior B.A. (Part) class on the results of the Intermediate Examinations.

The following subjects will be taught in the class—

Part I.—English.

Part II.—Mathematics, Physics with Chemistry, Chemistry with Physics and Botany with Zoology.

4. Applications should be sent to the undersigned as soon as possible, and to ensure that the College receives sufficient information regarding the qualifications, etc., of applicants, the applications should be made on the prescribed forms which can be obtained from the College. Applications not made on the prescribed forms will not be considered.

3. These scholarships are divisible to the last. "G.R. (a) (iv) Education—General—Scholarships—Secondary Schools—Secondary and Primary in the Budget estimate for 1913-14.  
4. The above scholarships will be awarded for 1913 and in the case of Primary Scholarships for 1913 also on the recommendation of the Principal provided the progress and conduct of the scholars are satisfactory. Applications for such awards should be made on the beginning of the scholars from 1913 and 1914.

4. Holders of awards may quit leave without disqualification or loss of scholarship for a period not exceeding one month in advance of the expiration of the award, but if the leave exceeds this period, no scholarship is to be granted for the same period. Casual leave without disqualification as loss of scholarship may be granted for good and sufficient reasons for a period not exceeding three days in the year, provided such leave does not unreasonably prejudice or annoy the holders. Under the above conditions leave for scholars in schools may be granted by the headmaster. If a scholar shows himself without good reason to be absent on any day after the vacation season, the scholarship for the vacation is liable to be withheld under the order of the governing authority.

5. No pupil receiving a scholarship shall be permitted to hold any other scholarship provided wholly or partly by Government without the special sanction of the Inspector. Such sanction will be awarded only for very distinguished work.

6. All scholars are liable to the same rules as to absence for illness, absence, irregularity in attendance or failure to make due progress as to other award prizeholders.

7. A scholarship held in any class shall not be given after the scholar leaves to attend to.

8. Scholarships are given monthly as the expenses of the month. They should be shown in the prescribed bill form which need not be counter-signed.

9. A register of scholarships and the acquisition roll in the following form shall be maintained by the headmaster concerned and shall be produced at the time of the Departmental inspection of the institution.

I. Register of scholarships held in the .....		..... during the year 1913

13. Name of scholar.	14. Date of admission.	15. Signature of the holder or his agent.	16. Remarks.

R. O. KRISHNAW.

Inspector of Secondary Schools.

Madras, 15th May 1914.

## SCHOLARSHIPS FOR THE DEPRIVED CLASS.

With a view to improve the education of the A.D. Division and other deprived classes, scholarships and bursaries as shown below will be awarded during the year 1913-14 to student members of the deprived classes studying in Elementary and Secondary School classes:—

Name of scholarship.	Monthly value of scholarship.	Number of scholars per boy.	Name of scholarship.	Monthly value of scholarship.	Number of scholars per boy.
Elementary Class—			Elementary Class—		
Fourth standard ..	Rs. 4	25	Third form ..	Rs. 4	25
Fifth, sixth, seventh and eighth standard ..	Rs. 6	25	Fourth form ..	Rs. 6	25
Secondary Class—			Secondary Class—		
First form ..	Rs. 8	25	Fifth form ..	Rs. 8	25
Second form ..	Rs. 8	25	Sixth form ..	Rs. 8	25

3. The type of an applicant for scholarships shall not have exceeded on 31st July 1913 the following scale:—

Height applying from schools.	Fourth standard.	5th standard.	Third standard and third form.	Second standard and second form.	First standard and first form.	Fourth form.	Fifth form.	Sixth form.
Unaided age ..	10	11	12	13	14	15	16	17
Government-aided age ..	10	11	12	13	14	15	16	17

4. Forms of applications for the different grades of scholarships available under this notification may be obtained on request from the Manager, Office of the Commissioner of Schools, Post Box No. 476, Coimbatore.

5. Applications for scholarships should be forwarded by the head or manager of the institution in which the pupil resided in 1913-14 through the head or manager of the institution in which the pupil intends to study in 1914-15.

6. Applications should be dated. Separate forms should be used for each grade of scholarship. If one form is not large enough, the form should be continued on another form. The class in which the pupil is actually studying at the time the application is sent up should be clearly indicated.

The main functions of the Committee are—

- (1) To furnish information and advice to Indians who contemplate going to England.
- (2) To provide in India to colleges and other institutions the Educational, Financial and Social information, collected by the Bureau in London.
- (3) To communicate with the Central Bureau on behalf of students before they start, or on behalf of those parents when they are in England.

Students of the Madras Presidency and of Native States where colleges are affiliated to the Madras University, who contemplate going to England, and the relatives and friends of those who are going, are already going, are invited to correspond with Mr. Arthur Davies, Secretary to the Madras Committee, at the Law College, Madras, from whom all necessary information can be obtained.

Letters from Madras students to the Educational Adviser in London or to other Educational authorities in Great Britain are forwarded to the Madras Secretary for dispatch and much delay will therefore be saved by direct correspondence with the latter.

There is a library attached to the Secretary's office at the Law College consisting of the prospectuses, syllabuses and catalogues of the various educational institutions and universities in Great Britain and elsewhere and other magazines will be allowed the usual the library on all week days except Saturdays and holidays between 12 noon and 4 p.m.

A. DAVIES,  
Secretary.

Director of Agriculture.

Madras, 31st May 1921.

## NOTIFICATIONS.

Mr. B. A. Harrold has been elected to represent the Madras Town Association as a Trustee of the Madras City and Suburban Town Planning Board, Madras, vice Mr. J. M. Firth, resigned.

Madras, 19th May 1935.

B. T. HEILLY,

Chairman,  
Madras City and Suburban Town Planning Board.

The following Government Order is recommended to all heads of offices for information and guidance:—

G.O. No. 387, FINANCE, DATED 20th MAY 1935.

The Government consider that the existing scale of supply of khaddar cloth for use in public offices is excessively large and that, at the same time, the legitimate purposes for which it is supplied, viz., during a much smaller scale of supply would be sufficient. The scale of supply of the cloth will therefore be revised and further action as shown below:—

	Present scale of supply per head.	Proposed scale of supply per head.
clerks .. .. .	4 yards per annum	Nil
Peons employed in charge of office .. .. .	4 yards per annum	5 yards per annum
Peons and attendants .. .. .	Do.	Do.

The scale of supply to teachers (including paid teachers) will continue as at present.

J. E. BROWN,  
Secretary to Government.

B. T. HEILLY,  
Representative of Madras.

Madras, 19th May 1935.

The Registrar of Co-operative Societies, Madras, has, under section 36(1) of the Co-operative Societies Act 12 of 1912 (India), renewed the registration of the Gerty Union Farmers' Co-operative Society No. 1015 in the Group VIII of the Anantapur district and has appointed the Assistant Registrar, Anantapur, to be Registrar under section 49 (1) of the same Act.

This order will take effect on the expiry of two months from this date, viz., 20th May 1935.

Madras, 17th May 1935.

J. GRAY,  
Registrar.

## TREASURY TROVE.

It is hereby notified that, as on about 6th September 1933, the treasure specified below was found in R. No. 195 of Subrahmanya village, Coimbatore taluk. All persons claiming the treasure or any part thereof are directed to appear personally or by duly authorized agent before the Collector of Coimbatore district sitting at Lashington Gardens, Coimbatore, on 6th August 1935, at 11 a.m.:

### MARINE NOTIFICATIONS.

#### NOTICES TO MARINERS.

No. 92 of 1924.

India—East Coast—Tonnage.

Masters of vessels are particularly requested not to dump ashes when inside the 50 fathom line between the Lighthouse Island Light West and North-west.

It is the intention to erect a new system on the said line and after the survey is held.

Presidency Port Office, Madras,  
22nd May 1924.

No. 24 of 1924.

India—East Coast—Lighthouse.

Change of Light from oil to acetylene.

In continuation of Notice to Mariners No. 11 of 1924 postponing the conversion to acetylene of Aroonah Light, it is hereby notified that the change to acetylene will now take place on the night of the 15th August 1924. The existing oil burning light will be extinguished on the night of the 15th July 1924 and a temporary acetylene light of the same character as the permanent acetylene light, 50 of low candle-power and variable range, will be exhibited during the period of alteration, i.e. from 15th July to 15th August 1924.

As already notified, the acetylene light will have the same character as the existing oil light, but, being acetylene in its nature, it will be extinguished at night and have the letter 'C' placed against its name in the List of Lights to indicate the fact.

Presidency Port Office, Madras,  
22nd/23rd May 1924.

Two hundred and fifty-seven Red Pandas handwood posts fitted for the Lanka Exhibition and lying at Battaramulla railway station will be sold by the District Forest Officer, South Ceylon, in the public market at Battaramulla railway station on 24th June 1934 at 2 p.m.

The posts will be sold in pairs and small lots. For further particulars apply to—

Colombo, 26th May 1934.

R. E. ROY,  
District Forest Officer, South Ceylon.

# TENDERS FOR THE HIRING OUT OF CALVES TO THE KING INSTITUTE, GUNDET, SAIDAPPE, MADRAS.

Notice is hereby given that sealed tenders will be received up to 3 p.m. on Monday, the 16th June 1931, by the Director, King Institute of Preventive Medicine, Saidapet, at his office, for the supply of calves on hire for the maintenance of vaccine lymph as stated in the schedule hereto. Not less than two tenders will be received and required to supply also 150 calves each month.

The calves supplied should answer the description noted in the schedule hereto and should be healthy, fit for work, in the fullest, by passenger down alive at which the South Indian Railway and Madras and Southern Mahratta Railway Company have at present agreed to charge a special rate of eight annas per wagon of not exceeding fifty calves per mile at owner's risk, with one attendant free of charge. The Institute cannot be held responsible for contributions any share of the above rate are charged during the year of contract, but will render all necessary help in correspondence with the railway authorities to keep up the agreed rates. Each brand of calves supplied should be supported by a permit from the railway authorities that the calves were brought by the passenger train. The intending tenders may quote their terms on the above understanding.

2. Tenders will be opened publicly at 3 p.m. on the 16th June 1931 by the Director, King Institute, at his office at Saidapet in the presence of those tenders who may choose to attend.

3. Tenders should be accompanied by '2' calves for the hiring of calves. Each tender must contain not only the rate of hire but also the total hire value of the supply.

4. Each tender must be accompanied by a deposit in currency notes only an amount equal to the amount stated in the schedule. This deposit will be returned to successful tenders immediately or one month after and to the unsuccessful tenders as soon as they have satisfactorily executed their contract hire.

5. A person making a tender shall be allowed to withdraw it within thirty days from the date thereof and, in the event of his so doing, his earnest money deposit shall be forfeited to Government.

6. The earnest money deposit of successful tenders will be liable to forfeiture if they fail to execute the bond binding them to supply, the sum of money being forfeited by the contractor's default. They should also furnish security at bank or Government Treasury notes to the extent mentioned in the schedule within one week from the date of the acceptance of the tender being made known to them.

7. The supplies should begin from 1st July 1931 and be made for one year from that date.

8. No advance of cash will be made to the contractor. Payment of hire in respect of the accepted calves will be made as soon after their acceptance as possible.

9. It shall be optional with the Director of the King Institute to insist for a larger or smaller number of calves than those mentioned in the schedule and to suspend supplies as and whenever necessary during the period of contract.

10. The contract must not be sublet.

11. The Director reserves to himself the right of rejecting any tender without assigning any reason for so doing.

12. In case the contractor after taking the contract be not willing to supply as per their agreement, they shall give an instant notice and shall forfeit the security to Government. In case of failure to supply calves on the dates required by the Director, the contractor shall be fined an amount fixed by the Director which will be deducted from the security. The contractor will also be bound to make good to Government any loss which may arise from their withdrawal or failure. In the event of the Director having to purchase on hire any calves supplied by the contractor at a higher rate than those contracted for, the same price shall be deducted from the other calves due to contractor or the amount of security, without the contract being cancelled by Government.

13. No calves shall be supplied to the Institute except on the authority of the Director or some responsible officer authorized by him in this behalf.

14. The calves hired out will be released after the vaccine operations thereon have been carried out and when no longer required. In the event of any mortality occurring among the accepted calves during the period of detention at the Institute, the Institute will indemnify the contractor at the rate of Rs. 500 per calf.

15. The prospective contractors should remove the dead calves within twenty-four hours after they are released. Calves not so removed will be disposed of by private sale or otherwise and the amount thus realized, less the material expenses incurred, will be paid to the owner. The contractor cannot claim the amount as a matter of right.

Typed forms of tenders can be had on application to the Manager at the office of the King Institute, GunDET.

## SCHEDULE.

Description of calves.	Fishes must be received during the year.	Extent of work to be done. By tenders.	Security from successful tenders.
ADVERTISE.			
CALVES.			
Supply of calves on hire. One or two years old. Must not have been and previously be treated by vaccination. In good general health, and free from foot-and-mouth disease, distemper, etc., stippling or any of the diseases of the skin, lesions of the nasal cavity, distemper and low fever of 10° or 11° of the axilla. Must weigh not less than 25 lbs. All the calves should be vaccinated.			
1,500	100	500	

**TENDERS FOR THE SUPPLY OF ARTICLES TO THE KING INSTITUTE  
OF PREVENTIVE MEDICINE, GOSNOLD.**

Notices is hereby given that sealed tenders will be received up to 4 p.m. precisely on Monday, the 17th June 1924, by the Director, King Institute, Gosnold, at his office, for the supply of articles mentioned in the schedule borne at the bottom of the application.

- (1) Sealed tenders of these articles should be supplied on short notice as follows.
- (2) The rate of such articles tendered will be considered at the discretion of the tender.
- (3) Tenders will be opened and awarded at 8 p.m. on Monday, the 17th June 1924, by the Director, King Institute, Gosnold, at his office, in the presence of those who may desire to attend.
- (4) Tenders should be submitted in the manner indicated in the tender and on the same should be written the words "Tenders for the supply of articles". Each tender must contain not only the price but also the total value.

(5) Each tender must be accompanied by a deposit in currency notes of Rs. 50 as earnest money. This deposit will be returned in governmental tenders as early as possible and to the successful tenderer as soon as they have satisfactorily executed their contract work.

(6) No person shall be allowed to withdraw it within thirty days from the date thereof and, in the event of his so doing, his earnest money deposit shall be forfeited to the Government.

(7) Successful tenders will be held to forfeit their earnest money if they fail to execute the work binding them to supply, the cost of cleanup being borne by the contractors defaulting. They should also furnish security in such as Governmental tenders to an amount not exceeding Rs. 500 but which will be fixed in accordance with the nature and value of the article ordered to them by the Director of the Institute within one week from the date of acceptance of the tender being made known to them.

(8) The contract should begin from 1st July 1924 and be made for one year from that date.

(9) No advance at such will be made in the estimated. Payments for the articles supplied will be made as soon after their receipt as possible.

(10) It shall be optional with the Director of the King Institute to tender for a larger or smaller quantity of articles than those mentioned in the schedule attached.

(11) The contract can not be sold in.

(12) The Director reserves to himself the right of rejecting any tender or any items in a tender or a portion thereof without assigning any reason for so doing. The lowest tender need not necessarily be accepted.

(13) In case the contractor after taking the contract be unwilling to supply as per his agreement, he shall forfeit his earnest money and shall forfeit the security to Government. The contractor will also be bound to make good to Government any loss which may arise from his withdrawal or failure or by the Director having to purchase the articles specified in the contract locally at higher rate than those mentioned for.

(14) No article shall be supplied to the Institute except on the authority of the Director or some representative of or authorized by him in this behalf.

(15) Printed forms of tenders can be had on application to the Manager at the office of the Institute.

**REMARKS.**

Number and description of articles.	Particulars required for the post.	Number and description of articles.	Particulars required for the post.

11. Tea, 1 lb. ... ..	See. 100.	22. Batches of 100, each 48" glass bottle.	See. 100.

NOTE.—Samples of articles tendered for should accompany the tenders.

The King Institute, Gosnold,  
17th May 1924

J. GUNFINGHAM, Major, I.M.S.,  
Director.

**TENDERS FOR CONSTRUCTING A MASONRY DRAIN FROM THE OLD CISTERN  
TO THE GARDENS IN DISTRICT JAIL AT PALAMOOTTAH.**

Tenders under the Local Board Contract system will be received by the undersigned at his office up to 12 noon on 30th June 1924 for the construction of a masonry drain from the old cistern in the garden in District Jail, Palamoottah.

2. Tenders must be submitted in the prescribed form in sealed covers, the name of the tenderer and the name of the work being sought on the cover and should be addressed to the Executive Engineer, Tenali District, Palamoottah.

3. The tender must be for the completion of the whole work for a stated lump sum. The tenderer will prepare and print, as far as is necessary to enable him to estimate the lump sum, for which he is prepared to enter into the whole work, his own schedule of quantities, on the basis of the contract documents, i.e. the plans, specifications and conditions of contract, which will be open to his inspection before tendring and which will be the only documents accessible to him.

4. The Executive Engineer will furnish to tenderers any further information that they may require but it must be clearly understood that neither will be asked in order and everything is submitted as to be held in reserve.

5. No alteration which is made by the tenderer to the contract agreement, the conditions of contract, the drawings or the specification will be recognized and if amendments are made the tender will be taken to be rejected.

6. The Executive Engineer will reserve to himself the right of rejecting all or any of the tenders without assigning any reasons for so doing.

7. Each tender should be accompanied by an earnest money of Rs. 50 in cash or currency notes which will be returned to the tenderer whose tender is not accepted.

8. The successful tenderer will be required to sign an agreement in the proper form for the due completion of the contract.

9. Withdrawal of tender before the decision of the accepting authority is known or failure to comply with condition (4) or failure to commence the work in the time agreed to, will entail forfeiture of the earnest money.

10. The contract must not be sublet.

11. Conditions of contract and other contract documents can be seen, at any time between 11 a.m. and 5 p.m. on all office days in the Executive Engineer's Office, Palamoottah, from which blank forms of tender can also be obtained.

Palamoottah, 16th May 1924.

N. PARAMESWARAN PILLAI,  
Executive Engineer, Tenali District.

**FOR SALE IN THE OFFICE OF THE CHIEF INSPECTOR OF EXPLOSIVES WITH  
THE GOVERNMENT OF INDIA.**

The Indian Explosives Rules, 1924, which include the rules for the manufacture, possession, sale, transport and transportation of explosives issued by the Government of India. Rs. 1 per copy. Plans and the necessary and instructions of regulations at the Port of Madras. At 4 per copy.

**VACANCIES.**

Applications are invited from candidates for Apprenticeships in the Government Workshops, Madras, under the conditions laid down in G.O. Nos. 812 W, dated 27th June 1923 and No. 67, dated 19th June 1924. Four applicants will be selected this year, and their emplacements will be regulated in accordance with the Government Order referred to.

Applicants should (1) have not a full general education, (2) be of good physique, (3) possess good character, (4) have not a certificate obtained by some responsible person with reference, (5) not be more than 18 years of age. Parents should be selected with application. Preference will be given to those who have been selected in the Department provided they are up to the mark in other respects.

Applications will be received by the undersigned up to 31st July 1924. Selected candidates should join within ten days from the date of their selection.

Madras, 20th May 1924.

G. M. POULIOT, Captain,  
Off. Executive Engineer, Indian Government Workshops, Madras.

Applications are invited from duly qualified candidates for the post of a Draughtsman on Rs. 12-14-60-00 in the office of the said Engineer. The vacancy is likely to become permanent.

Only persons who have passed the Draughtsman test prescribed by the Revenue Survey Department for Draughtsmen or who have obtained Draughtsman's group certificate in mechanical drawing presented for Government Technical Examination need apply.

The Standard Barometer and Thermometer are used at 8 a.m., 10 a.m., 4 p.m., and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years observations. The station of the Barometer is twenty-two feet above the level of the sea, and the number of the instrument is two feet from the ground. The wind, rain and general weather registered are for the nearest Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st to 31st March, the average for the same period being 455 inches.

MADRAS, TUESDAY EVENING, JUNE 3, 1924.

Грасс, 3 мая

ABSTRACT OF SEASON REPORTS FOR THE WEEK ENDING  
31<sup>ST</sup> MAY 1924.

#### GENERAL SUMMARY

Work ending 22 May 1954.—Rumuli moderate in Salom, Chiriquien, Trichostema, Malabar, Gales, and the Bayana, and in the Chirico, Kereval, Anacropus, Gidder, North of Jiro, Malabar, and South Kaser, on hill or all elevations. Strong thick crop plenty in Malabar, Chirico in Chiricothra, much in Vissapattam, Salom, and Colombo, increases in Vissapattam and Chittor, plently in Gidder, Vissapattam, Chittor, Salom, and Colombo, occasional in Gidder, Vissapattam, and Chittor, but common in the forest. Standing crops take except dry crops in parts of Chittor, and cropped crops in parts of Colombo. Burgeoning plently in Koton, Nilfere, Trichostema, Rowand, and the West Coast, Salom in Nilfere, Salom and Trichostema, summer grandest in South Arab, ripened cotton in Colombo, and ripened cotton in Colombo, Malabar, and Rowand; without ripened cotton in parts of North Arab and Salom, near Jiro. Irrigation water generally sufficient for standing crops in Gidder, Kaser, Tanguar, and Tengerly and irrigated fields. Pasture (irrigation) in the Dacca and Central districts and in the upper portion of the Coore, Nilfere, and the West Coast but improving some in recent years. Fodder generally available except in parts of Vissapattam, Salom, Anacropus, and the Central districts. Prices generally satisfactory. Cereals not increasing in the Chittor and Malabar of Gidder and parts of the Dacca and Central districts except Kereval and Trichostema but increasing slightly owing to recent rains. Rice much in parts of the Chittor and Malabar, one at Kaser in Salom, Kaser, one at Chittor in Gidder, and one at Kaser in Malabar. Rice in progress. Prospects for opening two but much at Kaser in Malabar in President's land and Anacropus in Dacca and Malabar and Anacropus.

## DISTRICT REPORTS

## GANTAM

Water supply important for vegetation. *Sarcobanda* 20-1 feet; *Scirpus* 20-6 feet. Sowing partly, mostly, grassy, and groundnut. Standing crops late. *Prosopis* generally 6-1; except in Chukchi and Shukchi where collection of several specimens of 100 ft has been recorded. Average daily attendance on the salt' work at this place 312; dependence on salt 4, total 1,357.

## TIZAGAPATAM

*Foli* robusta in crudi. *Water-supply* insufficient for irrigation in this locality. *Flowering* vigorous. *Seeds* smooth, presentant, and glossy. *Stem* ridge of light paddy and sometimes showing *Impatiens* against sun to white. *Flowers* fair except on the uppermost lobes of *Impatiens*, *Impatiens*, and *Impatiens*.

## GNDATASE

Fair color in wool. Water-supply sufficient. Solorvari 2-3 feet below area. Standing crops fair. Prospects generally fair.

## EDITORIAL

For notes in work. Water-supply sufficient except in the tanks of Norway, Zaire and parts of the tanks of Nondigum and Caranomon. Suckling crops 100, (mature crop) paddy; autumn cereal. Forecasts good.

## UNLIMITED.

Light rains in week. Water-supply sufficient for irrigation except in parts of the valleys of *Angola* and *Fandouba*; drinking water insufficient in parts of the valleys of *Angola* and *Fandouba*. Staple crops safe. Prospects fair.

KEYWORDS:

*Feeds only on mud.* Water-supply doubtful for *Arizonicus*. Delicately made, abundant in parts of the beds at Midway, Kalkbrede, Elbert, and Fairview. Troughed 201 feet below road. Average thickness through the sand shales at Fairview 22 cubic feet per square. Standing on a generally fair. Fossils but on the whole.

## EXHIBIT

[illegible]

## ANALYSIS

[illegible]

## CITIZENSHIP

[illegible]

- Water supply sufficient except in parts of Tirumalaiah taluk. No flow over Srisaikaram anicuts, Chinnabotlu and another anicuts. Machine works good. Fertilizer low.

*Hydrobia ulis* is weak. Water supply sufficient except in the lakes of Chivilal, Erant, Wollomon, and Jajalal. Sowing of first crop (July (A. 10)) almost completed except in Wollomon and Weyal lakes. Transplantation of second crop progressing. Weeding complete. Harvest of second crop (July) in progress in Wollomon lake; others normal. Transplant into

Wheat supply sufficient except in Uppinandi taluk. Stocking crops generally good. Harvest of third crop partly completed; southern fur to normal. Prospects fair.

Subsides noted on road. Water supply generally sufficient. Grazing crops fair. Prospects fair.

Moisture stress is weak. Water-supply sufficient.

[illegible][illegible]

Q3) Antibiotic resistance from B3 isolates at Tarnobal and Nalaku.

(2) *Black quartz* is reported from the Fichtelgebirge with 400 grains and the Zellerbach and the Fichtelgebirge.

(2) *Foot and mouth disease* is reported from the Galapagos Archipelago of Ecuador, the Azores Archipelago of Portugal, the Canary Islands of Spain, and the French Islands of Guadeloupe, Martinique, and the Virgin Islands of the U.S.A.

(C) *Shadryan* is reported from the islands of Taiwan and Guilin of China and the Korean island of Jeju.

## LEGISLATIVE DEPARTMENT.

*India, the 10th May 1924.*

No. F. 35-1750.—Under Rule 18 of the Indian Legislative Rules the Governor-General has been pleased to order the publication in the *Gazette of India* of the following Bills, together with the Statements of Objects and Reasons relating thereto, and the Bills and Statements as to Objects and Reasons are accordingly published for general information:—

Bill No. 3 of 1924.

*It shall be possible for the modification of certain provisions of the Indian Stamp Act, 1889, and its application to certain provisional rules and other instruments.*

Whereas it is expedient to provide for the modification of certain provisions of the Indian Stamp Act, 1889, in their application to certain provisional rules and other instruments; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Indian (Repealed Instruments) Stamp Act, 1924.

(2) It extends to the whole of British India, including British Baluchistan and the Bomai Parganas.

Definition.

2. In this Act,—

(a) "instrument" means any document to which this Act applies "as amended";

(b) any instrument mentioned in Article No. 17, No. 38, No. 37 or No. 62 of Schedule I to the Indian Stamp Act, 1889, or

(c) any provisional rule promulgated in pursuance of the provisions of the Indian Stamp Act, 1889, or of any other Act, or of any Regulation, or of any Order, or of any Notification, or of any Circular, or of any Letter, or of any other instrument, which has been enacted in British India at any time after the 30th day of September 1858, and before the 1st day of January 1924, and which has been stamped in such a manner as to be liable to be duly stamped for the purposes of the Indian Stamp Act, 1889, or of the Indian Stamp (Amendment) Act, 1912, and not being passed, or

(d) "section" means a section of the Indian Stamp Act, 1889, or

Application of provisions of Act 11 of 1919.

3. (1) No exemption or restriction in respect of provisional rules mentioned in clause (a) of the proviso to section 32 or in any clause (2) of section 33 or in section 41 shall be deemed to apply in respect of any provisional rule which is an instrument to which this Act applies.

(2) For the purpose of the application of clause (a) of the proviso to section 43 and of sub-section (2) of section 43 (1) instruments to which this Act applies, nothing therein contained shall be deemed to require or authorize the imposition of any penalty in respect of any such instrument.

(3) Every instrument to which this Act applies shall be deemed to have been duly stamped for the purpose of section 43.

(4) Where, before the coming into force of this Act, any sum has been received in respect of any instrument to which this Act applies by way of fee under sub-section (2) of section 43, or by way of penalty under the proviso to section 43 or under sub-section (2) of section 43, or by way of fee under section 43, the person from whom such sum has been received shall be entitled to a refund thereof.

#### STATEMENT OF OBJECTS AND REASONS.

The Indian Stamp (Amendment) Act, 1918, revised the amount of the Succession Duty on bequests to Rs. 100, and it is understood with section 4 (2) of the said Act, 1918, it seems reasonable to amend the same also. It has been brought to the notice of the Government of India that in certain cases the provisions of the Act did not become known until a later date with the result that certain instruments the duty on which had been ascertained and had been stamped on insufficient stamps. Some of these, viz., promissory notes for sums less than Rs. 500, could not be nullified or used in evidence. In order to avoid hardship in the particular case of these instruments, it has been decided to enable all such instruments to be validated, if stamped at once the 25th February, 1924, and before the 1st January, 1925 and, in the case of promissory notes, to make them admissible in evidence, on payment only of the difference in stamp duty between the old and the new rates, provided that the proper stamp duty under the old Act had already been paid. The Bill provides accordingly that no penalty shall be levied in respect of any of these instruments under section 43, section 43 (1) or section 43 of the Indian Stamp Act, 1918, and that any such penalty, and any fee levied on or under section 43, which has already been paid, shall be refundable.

The Bill May 1924.

A. C. McWATERS.

#### Bill No. 5 of 1924.

*A Bill to amend the Indian Evidence (Ligation) Act, 1918,  
for certain purposes.*

WHEREAS it is expedient to amend the Indian Evidence (Ligation) Act, 1918, for certain purposes hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Indian Evidence Ligation (Amendment) Act, 1924.

2. In section 31 of the Indian Evidence (Ligation) Act, 1918, for the word, "is" the words "is or has been" shall be substituted.

Amendment  
of section 31,  
Act XX of  
1918.

## STATEMENT OF GROUNDS AND REASONS.

In the case of Poon, Neph, son of Ma's Dal and two others (J.L.R., 4 Lahore, 227), the High Court of Judicature of Lahore has held that section 11 of the Indian Soldiers (Licensing) Act, 1918, is applicable only to a plaintiff who is an Indian soldier at the time when he brings his suit. As a result of this ruling, an Indian soldier, who has been serving under the conditions mentioned in the Act and had been promoted by those conditions from holding any civil post, must claim the benefit of the section with regard to the period of limitation if at the time of the institution of the suit or the filing of an appeal or application he is no longer a soldier. This was clearly within the intention of the Legislature in enacting the provisions of section 11, and the Bill proposes to remedy this defect.

The 17th May 1924.
